

Alleged Infanticide in City

Deputy Coroner J S McNeice, solr., opened an inquest at the City Home on the newly born child whose body was found as noted in the Shannon on Friday.

Dr S McDonagh, R.M.S., Barrington's Hospital, stated death in his opinion was due to strangulation, the girl's stocking being tied around the wind pipe.

Dr Dandon gave similar evidence.

Supt. Downey, Civic Guards, asked for a remand. Criminal proceedings were pending.

The Coroner granted the adjournment.
