

Found Dead In Water Tank

Rathkeale Woman's Fate

Mrs Mary Bradley (76) was found dead in a rainwater tank at her house, Ardara, Rathkeale, county Limerick.

An invalid, she lived with her sister, Miss N O'Grady, at Rathkeale, since returning from the U.S. a few years ago.

At the inquest Miss O'Grady said she left her sister sitting on a chair when going to the well close by for a bucket of water, and on returning found her floating face downwards in the tank.
