

Ex-M.P. Bereaved

The sympathy of all classes will go out in full measure to Mr Michael Joyce, ex-M.P., on the death of his step brother, Mr Pierce Joyce, who died recently in New York. The deceased left Limerick many years ago for New York, where he got on remarkably well, building up there through enterprise and energy a big and lucrative business of his own. In his native city, before leaving for the states, he was prominently identified with several classes of sport, and was in all respects a very estimable man, enjoying, as he deserved, the respect and confidence of all sections of the people.
