**SAD DISCOVERY**

The dead body of Patrick Hinchy, aged  
 about 60 years, was discovered on the  
 road at Pennywell at about 4 o'clock this  
 morning.

It appears that the deceased man, who  
 was a blacksmith, left his home at Penny-  
 well last night to go for a short walk.  
 His relatives knowing that he sometimes  
 visited a neighbour's house to play cards,  
 were not worried until several hours  
 passed without his return. After a search  
 the deceased was found on a bye-road at  
 Rhebogue, and had apparently been dead  
 for some time. He had been complaining  
 for some time past, and an inquest was  
 not considered necessary.
