### FLAG DAY.

ns sincere thanks to

Supt Meehan stated that the prosecu-  
tion arose out of an accident which oc-  
curred on the Sarsfield Bridge on the day  
in question. The defendant undertook to  
produce his insurance at Ennis, but did  
not do so.

### INSURED AFTER ACCIDENT.

In reply to Miss Treacy, the defendant  
stated that he was driving the car on be-  
half of his brother, who had bought it  
the previous day. Witness was not aware  
that his brother had bought the car, and  
thought that he was driving with the con-  
sent of the previous owner. The car was  
insured by witness's brother in Ennis just  
two hours after the accident.

Thomas Coffey stated that he paid £40  
for the car, which, as a result of the  
accident, became a total wreck. He did  
his best to insure the vehicle on the  
morning before his brother took it to  
Limerick. He put through the insurance  
at 2 o'clock, before he was aware that an  
accident had occurred.

The Justice said it was a very serious  
thing to use an uninsured car, but as the  
defendant had been at a certain loss he  
would impose a fine of 10s.

## LITTLE BOY'S DEATH

### Fatal Road Accident

While playing near his home at Ballin-  
agarde, Ballyneety, on Tuesday last,  
Michael Donnelly, aged 7½ years, son of  
Patrick Donnelly, was knocked down by  
a lorry the property of the Condensed  
Milk Co. of Ireland, and received fatal  
injuries.

Death was almost instantaneous.

On Wednesday Dr. A. Murnane Power,  
Coroner, with a jury, opened an inquest  
into the circumstances surrounding his  
death at Ballyneety.

After evidence of identification by the  
deceased's boy's father, and medical evi-  
dence had been tendered, the inquest was  
adjourned, on the application of the State  
pending further inquiries.

Mr. P. G. Collins, solicitor, Limerick,  
appeared for the Condensed Milk Co. at  
the inquest.

## RECENT BURNING

which the weather display are tantaliz

perturbation. We got a reminder of th

when the windows rattled furiously an  
leaves came tumbling down. "Septem

### WHO CARES?

A resident of Lansdowne Park is indi-  
nant with the County Board of Health  
over the delay in the public lighting  
the locality. Now, he says, that the lon  
nights are setting in, the inconvenie  
will be accentuated by the fear of bu  
glary; and then the Park—which has n  
a tree—is such a long distance from th  
nearest Garda station. It is too bad th  
the residents of a suburb should be d  
nied a glimmer of light, and that th  
are obliged to grope their way in th  
dark. That is one of the disadvantag  
and penalties of living outside t  
borough, and the irate corresponde  
must know that a county authority, cor  
posed mainly of farmers, does not enj  
the luxury of public lighting. Hence t  
indifference; and if it is as dark  
Erebus in the Park, who cares?

### THAT FOOTPATH.

For a considerable time an esteem-  
resident of Ballinacurra has been e  
gaged in the praiseworthy task of tryi  
to get the County Council to concrete  
footpath on the south side. He has w  
his engaging pen given a vivid impr  
sion of the condition of the surface  
good and bad weather—in good, tol  
able; in bad, detestable. He has ma  
a brave attempt to enlist the sympathy  
the County Surveyor, who has not so  
responded to his caresses. That is v  
unkind; but probably due to other  
more urgent pre-occupations. Why  
try a little exhortation on the repres  
tives of the electoral area in the Counc  
They will next year be on the ramp  
votes, and now is the time to tap th  
and get them to act.

### HOMILIES.

If some of our District Justices wo  
administer the law, and cease homi  
it would be all for the better. There  
great deal too much of this butting  
from the Bench and advancing of opin  
which nobody wants and doesn't giv  
hoot for. The personal view goes so  
with many of these pundits as to sug
