### Minister's Letter

meeting of the Limerick Rateayers' Society the in reference to the resolution at a recent public meeting inst. the Re-Valuation Bill mission.

expressed at the reasons going through with the rating in Limerick and country generally is that necessity for any valuation felt that both local and national is beyond what the rate.

likely to be an increase in the new valuations will be increased figures in accordance with the existing basis. Rates are entirely different with the time of Griffith and as valuations under the present system will be calculated on present values an enormous increase. The Minister's suggestion that rates would not be inclined if the rate were lowered on the basis of the general experience of rate-valuation. The present system of annual valuation means of adjusting income here should be no necessity for further heavy financial burden on the country by the introduction of a system which is opposed by all sections of the community.
