WIDENING OF FOOTPATH

Question of Compensation

At Thursday night's meeting of Limerick Corporation,

The Manager said that the entire porch would not be removed. It was proposed to have the existing porch removed back four feet. Between compensation and the estimated cost of remodelling the porch, the outlay would amount to £270, and he was doubtful if the results would justify the expenditure.

After a general discussion, The Manager said he would go into the matter again, and submit a further report to the Council.
