

attached to the local G.S.H. some years past. The bride of a well-known family and the greatest esteem by her friends and acquaintances in town.

A reception was held at the bride after the wedding and friends and relatives of had a very enjoyable time. In the evening the happy couple spent the evening at the capital, where the honeymoon was spent. I extend felicitations to the bride and Mrs. O'Connor, with wishes for their future well-being.

Outing.
Members of the local Pioneer Association will hold their annual outing Sunday week, 14th July, to the sea. All intending to join the excursion are requested to send their names to any member of the Council immediately.

Results of the Irish Examination.
The results of the Irish Examination conducted by the Cork County Education Committee again show Mitchellstown and Marshalsfield leading. Scholarships tenningery Irish College for the following students were awarded to following students: D. Kearns, Kilbehenny; M. Casey, E. Cotter, Nora Lyons; J. McCarthy, Marshalsfield; Misses P. Dwane, Maura and Messrs. S. Fox and Carey would mention that three pupils are pupils of Mr. T. M. Gortroe, and a special mention is due to him on their side, M.G., on the success of in securing one of the three scholarships again this season.

Mitchelstown.
The rivals are billed to play on next Sunday in the final of the North Cork Junior Championship. These teams are spectators with a first rate past and Sunday will be no exception they are both eager to enter the round of the championship. Mitchellstown minor will serve as a curtain raiser to the major championship. Very keen is between them and it is expected they will be training very hard under the eye of Rev. T. and are going all out to win this year's minor. To this the local lads will be going to say, and Sunday's match will reach the divisional minor game commences at 4.15 p.m. Mick Casey in charge of the

pair on Sunday and in the opening three games the score was—Monday, 21-9, 21-3; Tuesday, 21-0. This brought the teams level and a play was necessary. In this game Cussen and Mullane ran out winners on the score 21-0. They now have reached the final and it is quite on the cards that they may have to meet as rivals in the final two more players who have learned their handball in the same alley.

Novice Stage.
The best games of the day, however, were the singles in the novice stage between Sean Collins of Strand and "Sticker" Brown of Athea. The first game went to Collins with a score of 21-19 but his opponent weakened in the two succeeding games, which Collins won on the score—21-11 and 21-9.

Athea Men Handicapped.
The Athea men were, of course, seriously handicapped by the fact that they have no side or back wall to their own alley and on Sunday with all three to meet and beat it is not to be wondered at that they could not hold the local men. They put up a plucky fight but if they will ever succeed in representative handball they must insist that the people of Athea will complete their alley by putting up side walls and a small back wall.

Death of Mr. J. Corbett.
The death occurred at his residence at Dromin during the week of Mr. John Corbett. Deceased was a man of sterling qualities, and was a good neighbour to all who needed help. His funeral, which took place to the family burial ground at Churchtown on Tuesday, was widely attended by friends of the family. The officiating clergy were Rev. M. Quinn, C.C.; Dr. Casey, C.C.; Rev. Father Crowley, Newcastle West. The deceased had been working on the previous day, and appeared to be enjoying perfect health and his death was unexpected.

Harvest Operations.
Harvesting operations have been slowed up as a result of the broken weather of the past fortnight, although gardens have benefitted to the extent that hay making has suffered. Root crops which were feeling the effect of the drought have now started to grow in a vigorous fashion and should later show no loss because of the dry spell.

BALLYAGRAN NOTES

(From Our Correspondent).

Local Security Force.
There was a very large attendance at a recent meeting held in the local hall to deal with matters relating to the Local Security Force. Supt. Cooney, Adare, explained the division of the Force into two sections, A. and B., and gave a clear outline of the duties devo-

Many there are of the type who could be all levelled to the ground in a moment of regret. In abbeys, monasteries, towers have no message soulless individuals are to be pitied than blamed. I missed something that having. The silence in the countryside speaks eloquently than words. Who see nothing in the stone and mortar lack a vision that give life so a and interest. The people are an open book and very much if we are learn.

The poet refers to a yellow primrose and it was both. It is amazing how many type we have even at day a fact by no means the system of education such a lack of culture. For a variety of reasons every stone are calculated to remind of glories and even of our. All these things tell us knowing and remembering should, therefore, be put utmost care. Not only should be put into a some way specially worth of their story will be available not only to visitors from other countries.

In several Continental towns has been done in has ever been attempted. Places of historical interest in a way that enables the outlines of the story. Sweden has done this and has utilised the
