been raked back to the pen-  
 evidence to satisfy the requirements of the  
 American law of succession. Already the  
 number of relatives of the deceased tes-  
 tator, running down the forest of trees  
 in the assertion of relationship, are so  
 many that to hand each £200 to the re-  
 motest cousin, if all were met, might  
 stagger what might be left by John D.  
 Rockefeller. However, there is no harm  
 in trying, and with perhaps a limit set  
 to the expanse of this remotest relation-  
 ship clause by some court of interpreta-  
 tion, there may be bon fires lit later on  
 through the hills of Limerick and Kerry.

## CRATLOE FARMER'S FATE

A farmer named James Fitzgerald,  
 Ballinphonta, Cratloe, was missed from  
 his home on Wednesday evening (writes  
 our Sixmilebridge correspondent). He  
 was last seen by a neighbour on the  
 farm, and on a search being made his  
 body was recovered from the tidal waters  
 of the River Garney, adjacent to his  
 lands, on Thursday evening. The de-  
 ceased, who was 78 years of age, was in  
 failing health for some time. He was  
 highly esteemed in the locality and ad-  
 joining districts and great sympathy was  
 extended to his family and relatives in  
 their sad bereavement.

## CROOM LAWN TENNIS CLUB

The committee of the recently-formed  
 Lawn Tennis Club in Croom are working  
 overtime to put the finishing touches to  
 the courts, and, weather permitting, hope  
 to start play on Sunday, May 12th. The  
 courts will formally open at 3 p.m. on  
 that date and all the members are re-  
 quested to be present.

On Thursday, 16th May, the club is  
 holding its first dance, and judging by  
 reports coming from all the surrounding  
 towns, the tennis clubs of the county are  
 anxious to support Croom in its enter-  
 prise in starting a Lawn Tennis Club.

## COW-TESTING
