 degree that the Board will be able to  
 carry on, and he is of opinion that there  
 will be no need to have recourse again  
 to the reserve fund. It is hoped he will  
 be in a position to report an increase of  
 trade at the next meeting of the Commis-  
 sioners, as it would be lamentable if  
 there was a repetition of the conditions  
 that prevailed at the port during 1917-18.

### MR. GUS FITZGERALD.

The death of Mr. Gus Fitzgerald, at his  
 residence, Sunningdale Park, Bel-  
 fast, has occasioned much regret  
 among his friends in Limerick,  
 his native city. He was 77, and like  
 two brothers, Jack and Christy,  
 he followed a musical career, in which he  
 obtained distinction. While organist at  
 St. Michael's Church he was a prolific  
 composer of sacred music. He played,  
 with grace and fluency, pianoforte, violin  
 and organ, and his pupils won many  
 honours at the public examinations. He  
 left here to take a position in Dublin,  
 and later went to Belfast. Gus Fitz-  
 gerald was a very charming man, the  
 best of company, an accomplished artist,  
 who radiated a rich humour wherever he  
 went.

### LIMERICK ORDER.

The Department of Local Government  
 has given a Compulsory Acquisition  
 Order to County Limerick Board of  
 Health in respect of 28 acres of land at  
 Doodadoyle, two miles from Limerick, re-  
 quired as a site for the proposed regional  
 hospital scheme, stated to cost £300,000.
