**MR. THOMAS McAULIFFE.**

His many friends in the coursing centres, and, indeed, far outside these, will have learned with pained regret of the demise of Mr. Thomas McAuliffe, which sad event occurred on 5th inst. at his residence, Millbrook, Ballysimon. The late Mr. McAuliffe led a very active life, was an extensive dairy farmer, took a keen interest in national and social activities, especially those associated with his own district. In the sporting world he was an old supporter of coursing, and President of the Limerick City Club for a number of years, his fields being always at the disposal of the Club free of charge. Being of genial and courteous manner, he had a host of friends in the city and county, all of whom will regret his passing, but this will be most felt by the neighbours among whom he lived in the greatest harmony for many years, and who showed their appreciation of him by the large numbers attending his funeral. To his widow, sister and nephews and niece we tender our sincere sympathy in their bereavement.

Caledonians donned togs again in the evening against Prospect and remained invincible. They were conquerors this time by a single goal capably shot by Slattery. Prospect's defeat was surprising considering the tired disposition of their opponents after a tardy encounter earlier in the day. Cals merited victory, however, and to Howlett in goal for Prospect is bequeathed the individual honours of the game. His first match was crowned by a first-class display and we will hear more of this "Rugger" star. In front of him good support came from Neilan, Fahy, Madigan, Cowhey and Connolly.

The Junior Shield test at Hasset's Cross appeared to serve as a minor trial for Wembley Rovers, for they fielded eight members of the minor XI against Shelbourne. Experience stood in good stead to Shels, and they emerged
