ENJOYABLE CONCERT AT MURROE

A very enjoyable concert was held in
the large dance marquee in the Glenstal
Priory Grounds, Murroe, last evening.
before a record and appreciative audience.
The artistes, led by Jimmy Morton and
his harmonica band, gave a fine varied
programme of musical, instrumental,
singing, dancing and speciality items. It
would be unfair to single out any of the
troupe for special mention, but young
Jimmy Morton is deserving of the con-
gratulations of all in gathering together
such a fine company of performers at
short notice. His ability for organising
concerts is well known and last night
was no exception, the entire performance
going through without a hitch. Owing
to the enormous success of the initial
venture the whole company will again
visit the Carnival on Sunday evening
next with an entirely new repertoire.

DEATH OF MRS. LENA ORGAN

We regret to announce the death of
Mrs. Lena Organ, 30 Prospect Villas,
Limerick, which occurred yesterday in
the County Infirmary after a protracted
illness. Deceased was wife of Mr. F. J.
Organ, a respected member of Limerick
Branch of the Typographical Associa-
tion. Mrs. Organ was a lady possessed
of rare gifts and was intellectual and
well read. She had a fine national out-
look all through life and was a staunch
supporter of the I.R.A. during the
trouble, while in later years she was an
ardent adherent of the policy of Fianna
Fail. Much sympathy is extended to
Mr. Organ in his bereavement.

OFFICIAL NEWS FOR NATIVES

A British Government scheme to keep
the natives in the Union of South Africa
informed about world events, and par-
ticularly the progress of the war, is com-
pleted. Bulletins in the six principal
Bantu languages are being issued regularly
by the Native Affairs Department, and a
circular has been sent to magistrates in
native areas and all native commissioners
asking them to supervise the proper dis-
semination of the news contained therein.
Native chiefs, headmen and Europeans of
"proved loyalty" also receive the
bulletins.
