that the record collections which Lime-
rick had made in recent years would be
long continued, and that, together with
Mr. C. Downey, the Hon. Secretary of
the Branch, she would long be spared to
carry on the good work.

In accepting the Record of Thanks,
Lady Nash thanked the Institution, and
referred to the wonderful self-sacrificing
work of the Lifeboat-men in these diffi-
cult times, and stated how pleased she
was to learn that the crew of SS. "Ry-
nanna," of the Limerick Steamship Co.,
had been rescued by the Walmar Life-
boat when that ship had recently run
aground on the Goodwin Sands. On this
occasion the first of the crew to step into
the Lifeboat had even brought off the
Lifeboat collecting box which was on
board, containing 7s. 4d. In recognition,
Lady Nash and Mr. Downey hope that
excellent local support which they have
received in the past may this year be
even increased.

DEATH OF MR. D. PUNCH

We regret to announce the death of
Mr. David Punch, which occurred in the
County Infirmary on Saturday evening.
He was a well-known citizen, and for-
merly buyer of the woollen department
of Messrs. William Todd and Co. Within
recent years he resided in Patrickswell,
where he carried on a grocery and spirit
business. Mr. Punch's connection with
the drapery trade in Limerick began
with his apprenticeship. He had fine
business qualities and was extremely
popular. His demise has occasioned
much sorrow amongst numerous friends,
and sympathy felt for his widow and
family in their bereavement.

The funeral took place from St. John's
Cathedral yesterday, after Requiem
Mass, to Mount St. Lawrence Cemetery.
