

Obituary.

Death of Dr. James Roberts

Passing of Distinguished Limerickman

It is with feelings of the most sincere regret that we announce the death of Dr James Roberts, Upper Mallow street, which occurred at Milford House Nursing Home this afternoon, after a rather protracted illness.

Deceased gentleman, was born at Newtown, Clarina, and in early life entered the Old Royal University and graduated in 1904 after reading a most successful course.

After a brief period as Surgeon in the Royal Navy, he acted for a short time as M.O. at the old Limerick Union Hospital, subsequently going into private practice in 1905. He at once won himself by pure ability into a niche of his own as a leading family physician and surgeon. To say that his name was a household word in the city would be but a mere truism, as for over 30 years whether as a gifted Surgeon at our city hospitals, or as a family physician, he enjoyed an immense patronage.

Warm hearted and good-natured to a degree, the extent of his charitable work amongst the poor of the city will never be known, so unostentatious was the giving whether in service or in kind.

To his bereaved widow, his son, Dr M. Roberts, and his daughter, Mrs T E O'Donnell, we tender our deepest sympathy in their great sorrow.

The remains will be removed from Milford House at 7 p.m. to-morrow (Wednesday) evening to St Michael's Church, where Requiem Mass will be celebrated on Thursday morning at 12 noon, after which the funeral will take place to Mount Saint Lawrence Cemetery.
