OBITUARY

MR. JOHN JUDGE.

It is with deep regret that we announce the death of Mr. John Judge, 15 Sexton Street, Limerick, which sad event occurred at his residence on the 5th inst. A man possessed of many good qualities, the late Mr. John Judge, during his long association with the old city, made many friends who deplore his passing.

On Tuesday, 7th inst., Requiem Mass was offered up in St. Michael's for the happy repose of his soul by the Rev. Father Hanrahan, C.S.Sp. Following Mass the funeral took place to Mount St. Lawrence, and the cortege that followed the remains showed ample testimony of the esteem in which the late Mr. Judge was held by all classes.

The following priests were present:— Rev. Father Carroll, Adm.; Rev. Dr. Cowper, Rev. Father Whyte, Rev. Father O'Sullivan, Rev. Father Hanrahan, C.S.Sp.; Rev. Father Walker, D.D., C.S.Sp.; Rev. Father Whelan, D.D., C.S.Sp.; Rev. Father Carter and Rev. Father Ryan, C.S.Sp.

The chief mourners were: Mrs. John Judge (widow), Thomas Judge (son), Lill (daughter), Jimmy (grandson), Marcus Stewart (son-in-law), Mr. and Mrs. Cullinane and family, Mr. Watty O'Mara and Mr. M. Cullinane, Clonmel (relatives).

Mass cards from the following: His loving wife; Tom and Jim; Marcus and Lill; Mrs. J. Byrne and family; John and Delia Finucane; The O'Dea family; Mrs. Mahoney; Mr. Doyle and family; Mr. and Mrs. Walsh; Mrs. Patrick Kennedy and family; Mrs. J. MRS. LILY McINERNEY.

Seldom was there such evidence of sympathy for a fellow-citizen as that extended to Mr. Tom McInerney, Mount Park, Limerick, on the occasion of the sad death of his wife.

CITY WATER SUPPLY

Lively Criticisms

CORPORATION DISCUSSION

CONSULTING ENGINEER ASKED TO REPORT

At a meeting of the Limerick Corporation on Tuesday night, the Mayor (Ald. D. Bourke, T.D.) presiding.

Mr. O'Malley referred to the city water service, and said that the supply in the suburbs was totally inadequate. He knew of one family who had to remove to a city hotel because of a water shortage in the suburbs. He was informed that the water supply passing into the reservoir was not sufficient to meet the requirements of the city.

The City Surveyor said that the trouble was due to the frost. In ordinary circumstances the water supply was adequate.

Mr. O'Malley, I'm informed that the pumps at Clareville have to be stopped owing to the inadequacy of the supply.

City Surveyor That happens occasionally. We have had some bursts in the mains.

Mr. Keyes—I would like to go deeper into this matter. Why have not we got an opportunity to discuss the report from the expert dealing with the water supply from the Shannon Scheme canal. The supply is now less by 1,000,000 gallons per day through the pipe-line than that originally guaranteed. Some explanation should be forthcoming and Mr. O'Malley has rendered a service by raising this question.

THE SOURCE OF SUPPLY.

Mr. O'Malley—The members should go to the source of supply and see conditions for themselves. I got an explanation from the very efficient caretaker, Mr. Walsh, and I think what he told me would impress any one. For the past five years we have been discussing this question, but the officials are inclined to shelve it. We get the hardy annual about the frost, but that is not the root of the trouble at all. I defy any one to contradict me that the water service has failed during the past five years. We were to get a report from Professor Purcell, the consulting engineer, but no report has come before the Council.

Ald. Goodwin said that he agreed with Mr. O'Malley to a point. In 1932 some £30,000 was spent on the water service and they were then told that if the consumption was trebled the supply would be available. The first thing they should get is a report from Professor Purcell.

Mr. Casey said that Professor Purcell was present at a Council meeting about six months ago, when he gave a preliminary report. A detailed report was to follow, but it had not come to hand.

QUESTION OF INCRUSTATION.

Manager—At that time Professor Purcell gave it as his opinion that the reduced supply from the pipe-line may have been caused by incrustation. Since then the pipe-line was cut but I have got no further report. If it is the wish of the Council I will ask Professor Purcell to attend a special meeting of the Council.

Ald. Goodwin and Mr. Keyes urged the Manager to request Professor Purcell to attend a special meeting of the Council.

Ald. Reidy I agree with Mr. O'Malley that the members of the Council should

BALLINACURRA W

A monthly general meeting of the Limerick Chamber of Commerce was held on Tuesday afternoon, 14th inst., at the Holliday, President, was present. Also present were: Ald. Captain E. R. Shaw, M.C., O'Carroll, E. Ludlow, M.C., Turpin, R. M. Lee, O'Keefe, J. J. Johnson, Russell and J. O. Powell. Letters regretting the absence from the meeting were received from Mr. Morgan McMahon, V.C., and Mr. T. J. Loughrey.

The following members were elected to represent the Chamber on the Limerick Advisory Board for the Juvenile Employment Committee: Mr. R. T. Hartigan, Cashel.

PARISH COU

The Local Government has discussed at length arising out of the following resolution:

"It is the opinion of the Chamber of Commerce of Limerick that in circumstances should be granted to Parish Councils where Parish Councils they should function on a limited capacity only; further, in the opinion of the Chamber that the proposed legislation should be deferred for at least six months in order to give the Corporation a fair trial."

WATER SUPPLY IN

A complaint was received from a number of citizens in the Ballinacurra district, in a letter received by the Corporation, in which it was proposed to lay a new main from Punch's Cross to the new Reg. It is anticipated that the new main will be put in hands during the next five months. In the meantime the Corporation regret that it is in a position to improve the water supply by laying of a new main, giving a satisfactory result.

QUESTION OF

The Secretary was directed by the City Manager to expedite the laying of the new main. In this connection suggestions that there would be some of the water supply cut off at night, in order to save water, could not be agreed to. It was thought that it would be for numerous reasons, of a fire or fires in the city.

PROPOSED DE

Arising out of a decision was directed to meet with the City Manager to deputate for the purpose of the inadequacy of the water supply in the Ballinacurra district to consist of—Mr. E. R. Shaw, M.C., Capt. E. R. Shaw, M.C., Mr. G. E. Russell, Mr. Lack of facilities in the telegraph service was discussed with a view to the annual sale of
