## LAND FOR TILLAGE.

The Chamber of Commerce, in co-operation with the City Manager, Mr. J. J. Berkery, has secured one hundred acres of land in the county for tillage purposes. The negotiations for the land were carried out through the medium of the Muintir na Tire Council, who have also made arrangements for tillage operations, etc. Mr. Berkery has agreed to take any land not required by the Chamber of Commerce for the employees of their members and to make available for necessitous citizens the produce at an economic price. This scheme is a very practical one and both the Chamber and the City Manager are to be congratulated for their enterprise.
