Concert and Sports.

Other very pleasing features of
 the week were the Limerick con-
 cert on Sunday and the school
 sports on Tuesday. The whole pro-
 ceedings passed off without a flaw
 and reflected the greatest credit on
 the committee and helpers con-
 cerned.

ATHEA NOTES

(From Our Correspondent).

Obituary.

The many friends of the family,
 both at home and abroad, will
 learn with deep regret of the
 death of Mr. Michael T. Moran, of
 Toureendaniel, Athea. This sad
 event, which occurred during the
 week-end, has caused a wave of
 sorrow throughout the district,
 where the deceased was sincerely
 esteemed and respected by all. He
 was a man of upright disposition
 and sterling character—so simple
 and unpretentious in his manner
 as to merit the genuine regard
 and good will of his neighbours.

Unobtrusive Piety.

He was remarkable for his God-
 fearing disposition, and his whole
 life appeared to be imbued with a
 spirit of fervent and unobtrusive
 piety. He was always foremost in
 the exercise of his religious duties,
 for life to him was ever an earnest
 affair in which his obligations to
 his Maker were always of para-
 mount importance. It can be assumed
 that among those who knew him
 his memory will long be cherished
 with the kindest of feelings, for
 this quiet, well-natured man was
 never known to harbour the least
 ill-will against anybody. His end
 was a happy one.

A Warning.

Those who have turf for sale
 will be well advised to be on the
 look out for certain individuals
 who are out to victimise owners of
 ricks. It is customary with individ-
 uals of the type referred to, to
 purchase a rick of turf at a good
 price, paying a deposit of a few
 pounds on same. They then imme-
 diately commence to remove it on
 lorries until it is all taken away
 with the exception of, perhaps, one
 lorry load. The vendor is then in-
 formed that he will be paid in full
 for his turf on whatever day the
 purchaser may come for the
 balance left over.

Smokers' 'Fur'

How to detect it—How to prevent it

Try this now. Run your tongue
 round your mouth—do you notice
 it... a rough woolly feeling. Smokers'
 fur has got a hold, and is staining
 your teeth. But don't worry, you
 can stop this fur from ruining the
 look of your teeth.

Dentists know smokers' fur is
 caused by excess acid in the mouth.
 Kill the acid and you shift the fur.
 What is the scientific way to destroy
 mouth acid? 12,000 dentists say Milk
 of Magnesia brand antacid is the
 most effective antacid known. They
 recommend smokers to use the tooth-
 paste containing 'Milk of Magnesia'
 —the only toothpaste containing it
 —Phillips' Dental Magnesia.

Commence fighting mouth acid
 tonight. Get a tube of Phillips'
 Dental Magnesia and clean your
 teeth with it each night and morning.
 Then you'll feel the difference: no
 more morning mouth, no more
 stale breath. Instead you'll have
 teeth which look clean, feel clean, are
 clean; a sweet mouth to give new
 zest to smoking. A mouth that will
 say Good morning! and mean it.
