## CLARE JURORS

### APPLY FOR EXPENSES

A number of jurors attending  
the Clare Circuit Court petitioned  
Judge D. Fawsitt for expenses.  
They pointed out that they had to  
leave their homes and business for  
five or six days and were not  
allowed even the cost of a  
luncheon, unless they were acting  
on a jury. The Judge was re-  
quested to endorse their request  
for reasonable expenses.

The Judge interviewed some of  
the jurors in his private room, and  
it was subsequently stated that he  
promised to consider the matter of  
their petition when it came officially  
before him through the Court Re-  
gistrar.

### SYMPATHY WITH CITY LAW AGENT

The Mayor (Mr. D. J. O'Malley,  
solicitor), presiding at the meeting  
of the Limerick Corporation last  
night, referred to the death of Miss  
Joan Dundon, elder daughter of  
the Law Agent, Mr. J. J. Dundon,  
and said that the members of the  
Council felt deeply for Mr. and  
Mrs. Dundon in their bereavement.  
The family had suffered a great  
bereavement and the sympathy of  
the Council went out whole-  
heartedly to them in their sorrow.  
He proposed that the sympathy of  
the Council be tendered to Mr. and  
Mrs. Dundon in their very sad  
bereavement.

The Manager (Mr. J. J. Berkery)  
said that he took the Mayor's pro-  
position as passed unanimously.  
The officials felt very keenly for  
Mr. Dundon in his bereavement,  
and on behalf of all the municipal  
staffs, as well as on his own behalf,  
he associated himself with the vote  
of sympathy.

### VOTES OF SYMPATHY

At the meeting of the Limerick  
Corporation last night, the Mayor  
(Mr. D. J. O'Malley, solicitor), pre-  
siding, Ald. D. Bourke, T.D., pro-  
posed votes of sympathy with the  
family of the late Mr. J. P.  
McNamara, former City Librarian;  
with Councillor J. Dalton on the  
death of his niece, and with Mrs.  
Liam Wall and Mrs. Bermingham  
on the death of their sister, Miss  
Kennedy. Sympathy was voted to  
the family of the late Mr. J. Mac-  
Namara, Walnut House, on the  
proposition of Mr. Donnellan. A

pay the County Council for 10,000  
tons of turf supplied, and they were  
also providing for four months  
fuel from November to March.  
This was partly the cause of the  
increase.

Mr. Casey—How does the esti-  
mate compare with last year?

Clerk—There is an increase of  
£2,060, principally accounted for by  
fuel and light and farm and gar-  
den.

Mr. Casey—£2,000 is not much of  
an increase, considering the in-  
crease in everything.

The Clerk added that reductions  
had been made in the estimate, but  
this was not altogether actual  
economy, but was due to the fact  
that they could not get certain  
supplies and rationing.

### VERY CREDITABLE TO THE CLERK.

Ald. Reidy said he thought the  
estimate had been cut as finely as  
possible, and proposed its adop-  
tion.

Mr. O'Donnell—I second that, I  
think it is very creditable to the  
clerk.

The estimate was adopted.  
The Clerk said that he would  
like to point out that in a return  
of the Mental Hospitals in the  
country Limerick was fifteenth,  
lowest out of seventeen.

### LECTURE IN IRISH

As may be seen from our adver-  
tising columns, Senator Liam O  
Buachalla, of the University College,  
Galway, will deliver a lecture in  
Irish at the Technical Institute on  
Friday next at 8 p.m. His subject  
is "Ireland and Industry." In the  
course of his lecture the Senator  
will deal with the following:—  
Ireland and industrial tradition.  
Evidence of advanced technical  
skill in early Ireland. The impor-  
tance of technical tradition. Im-  
portance of the various industries  
in the 17th and 18th centuries.  
English legislation and the crushing  
of Irish industries. The reasons for  
English policy. Evil effects of  
English legislation on Irish indus-  
trial development. The position  
and importance of agriculture in  
the past. The effects of English  
legislation on the industry. The  
Act of Union and the famine; their  
effects on the economic develop-  
ment of the country. Review of  
the industrial position to-day.  
Essentials for economic and indus-  
trial progress. Markets, finance,  
labour, capital and industrial peace  
as factors in industrial development.  
Conclusion. The lecture will be  
illustrated by lantern slides. An  
added attraction of the lecture will
