## THE PADDOCKS, LIMERICK

### WEEKLY DAIRY MARKET

Tuesday, May 12th:—Numbers showed a considerable decrease from last week, but full seasonable entry, mostly dairy cows and calved heifers; ordinary class; no outstanding lots on sale. Attendance not as strong as recent markets, because we are approaching the close of the spring sales season, and most dairy proprietors have filled up their requirements. Promising heifers and those showing milking points met keen competition and touched current values; small and thin heifers were not in favour. Good enquiry and exchange for fresh young cows; useful cows and anything showing promise changed ownership; business was firm and steady in this section. All round, trade moved on slightly easier lines than previous strong markets. Good seasonable turnover and clearance. Top price for heifers went to Mr. C. McNamara, Singland, at £29 10s. In-calf heifers, promising, £25 10s. to £29 10s.; ordinary, £17 15s. to £23 5s.; dairy cows, ordinary, £19 to £24 10s.—Wm. B. Pitt and Co., Auctioneers.
