

the Board was sufficient. The Secretary said this section of the Act was brought into operation recently.

Mr. Hartney seconded the Chairman's proposition, adding that the prices were reasonable.

On a vote, Mr. Canty's proposition was carried by six votes to three, as follows:—For—Senator Madden, Messrs. Canty, Curtin, Power, O'Connell and Cleary. Against—Messrs. Hartney, Mackey and McCormack.

The Secretary mentioned that the average cost was based on the entire expenditure, and it would be impossible for him to give every item, which were contained in the abstract of accounts and were sent to the L.G. Department.

The discussion ended.

FOUND DEAD IN BED

Luke Mullins (52), a bachelor,
living alone in Ballygreen, Killaloe,
was found dead in bed on the
morning of July 24th last. On the
Wednesday morning he visited Kil-
lloe and purchased his weekly
supply of groceries, returning in
the evening at an early hour. He
chatted to some neighbours before
retiring for the night and was in
his usual good health. As he did
not turn up for his milk at a nearby
house on Thursday night he was
visited by a few neighbours early
on Friday morning, who found him
dead in bed. The groceries which
he took from Killaloe were left
untouched on the kitchen table. Dr.
Scanlan (Coroner), assisted by Dr.
Mary Courtney, Killaloe, held an
inquest on Friday and pronounced
that death was due to heart failure.
Sympathy to his bereaved sisters
and friends was voted.

RAIL MISHAP

On Saturday morning the engine
of a goods train travelling from
Cork to Limerick left the rails at
Patrickswell, ran into an embank-
ment, and overturned. The driver
of the train, Mr. P. O'Farrell, a
native of Cork, received an injury
to his left arm and was removed
to Barrington's Hospital for treat-
ment. The fireman escaped in-
jury. As a result of the over-
turned engine blocking the line the
morning train from Tralee to Lime-
rick, and the evening one in the
opposite direction, arrived at their
destinations several hours late.
