LATE CANON O'CARROLL

At both Masses on Sunday at Glin (writes our Glin correspondent) Rev. Father McCarthy, C.C., referred in most touching terms to the late Very Rev. Canon O'Carroll, with whom he served as a curate for many years. Asking the prayers of the parishioners for the repose of the deceased Canon's soul he said they should not only remember him now but always in their prayers. For the fourteen years Canon O'Carroll had spent amongst them he was always at their service. He never failed in his duties to them on the altar or in the confessional, or to the dying. Besides, he was a most zealous churchman, and a kind and sound adviser in spiritual and temporal matters. He died as he lived—in God's friendship. Though his illness was short, he had the great consolation of the Last Sacraments. "His loss," concluded Fr. McCarthy, "will long be felt in the parish. May God have mercy on his soul and grant him eternal rest."

WAKE UP YOUR LIVER BILE

without Calomel—and you'll jump out of bed in the morning full of vim and vigour

The liver should pour out two pints of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk, and the world looks punk.

Laxatives help a little, but a mere bowel movement doesn't get at the cause. It takes those good old Carters Little Liver Pills to get these two pints of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Ask for Carters Little Liver Pills. Stubbornly refuse anything else, 1/3 and 3/-.

NEW MANAGER FOR CITY FIRM

Sincere congratulations will be extended to Mr. John Fitzgerald on his appointment yesterday to the position of Managing Director of Messrs. Cannaok and Co., Limerick, in succession to the late Mr. Philip Gleeson. Mr. Fitzgerald, a native of Glin, Co. Limerick, has been buyer of the millinery department for the past 19 years, and his new appointment has given general satisfaction to his colleagues and friends in the city.

large number of shareholders con-
 tributed £1 each, so the committee
 are hopeful of having Mr. Thorne's
 kiln reconstructed and in a position
 to get on with the work in a short
 time.

HEIFER SHOT DEAD

Whilst engaged in looking at his cattle at Puckane (writes our Newport correspondent), Mr. William Nicholas, Cappanahana, Mullroe, was shocked when he saw a heifer suddenly fall within fifteen feet of him. Subsequently it was discovered that the animal fell suffering from a bullet wound in the head. Mr. Nicholas is very popular in the district. The rifle which fired the shot was, it is understood, discharged some distance away, and the bullet spent itself in the heifer's head.

ATHEA ANNUAL FAIR.

Owing to the fact of November 14th falling on a Saturday this year, the annual fair of Athea was not held until Monday, 16th inst. Though not quite of such large dimensions as former years there was still a very fine supply of cattle available. Of the different grades of cattle, in-calf heifers were by far the most numerous. These were in brisk demand and fetched prices varying from £16 to £34, according to the quality of the beasts. There was an abundance of stores available also, the better quality grades of which found ready purchasers. Calves, too, despite transport difficulties, were in good demand, but the supply was small compared with those of former years. Very few strippers were offered for sale and there was only a limited supply of bonhams. Notwithstanding the difficulty of procuring feeding stuffs, these latter were bought up very quickly and fetched a good price. The purchasers were mainly farmers, who, no doubt, intend to fatten these stores later on for their own use.

CHARLEVILLE FAIR

The November fair at Charleville was a very large one and all departments were well supplied with cattle, but trade was quiet all round. Prices were as follows—2½ year old bullocks from £24 to £27; 1½ year old bullocks, £16 to £20; 1½ year old heifers, £15 to £23; good fat cows, £18 to £25; springing cows, £25 to £40; incalf heifers, spring calves, £24 to £30; heifer calves, about 9 months old, £8 to £12; bullock calves, about the same age, £7 to £10; fat sheep, £4 to £5; strong store pigs from £3 to £4 10s. A very large number of cattle were dispatched by rail from the local railway station.
