

Brings bitter misfortune and dread desolation.
S is for Slaughter; vast numbers are dead
 For the reason that rulers of people "see red."
T for Tranquility, so much desired;
 Soon, soon may it come, soon the last shot be fired.
U is for Unity, never more vital
 For Eiré, and wondrous will be its requital.
V is for Victory—Pyrrhic, perhaps!
 Will it bring lasting peace, though it alters the maps?
W for War, a black curse through the ages;
 It was treated as such by the saints and the sages.
X is for Xerxes, a war-making king;
 Imitators to mankind much misery bring.
Y is for Yuletide, quite joyless this year
 For the multitudes living in nerve-racking fear.
Z is for Zeal, which each one should display
 For the general welfare in Fire to-day. **W.S.B.**

HAD 3 OPERATIONS FOR STOMACH ULCER

After Trying all sorts of Remedies

This man's trouble was a painful one which even three operations did not put right. Yet he did find relief in the end, as he describes in his letter:—

"I am writing in gratitude for what your wonderful Rennies have done for me. I suffered for years with my stomach, and after trying all sorts of remedies, I was advised by the doctor to have an operation for an ulcer. After being at home for six months I was as bad as ever. I was then sent to the Infirmary for another operation. I have had three operations altogether. I then started taking Rennies, and I found wonderful benefit. I have not had any pain since. I cannot praise them too much."—
J.W.

The effect of Digestif Rennies is so wonderful, because they contain 15 separate ingredients, comprising antacids to neutralise acidity, absorbents which reduce stomach gas, and digestive ferments which actively aid digestion. Rennies dissolve in the mouth. They become active at once, because they reach your stomach full strength—not weakened with water.

All Chemists sell Rennies: 7d. and 2/- packet.

WAKE UP YOUR LIVER BILE

without Calomel—and you'll jump out of bed in the morning full of vim and vigour

The liver should pour out two pints of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk, and the world looks punk.

Laxatives help a little, but a mere bowel movement doesn't get at the cause. It takes those good old Carters Little Liver Pills to get these two pints of bile flowing freely and make you feel "up and up." Harmless, gentle, yet amazing in making bile flow freely. Ask for Carters Little Liver Pills. Stubbornly refuse anything else, 1/3 and 3/-.
