THIS PLAN WILL BRING YOU £240 A YEAR FOR LIFE FROM AGE 55

Most men have to provide for their own future. They have no rich relative to take the burden from their shoulders, and no business pension scheme to fall back upon. They stand or fall on their own efforts.

Are you satisfied with the progress you yourself are making? Have you saved anything like enough to justify a belief that at 55 years of age you will be in a position to take things more easily? What about your family should you, on whom they depend, be taken from them? The plan about to be explained, if adopted without further delay, will relieve you of all anxiety about the matter.

It is the best, the easiest and the surest way of providing both for your own later years and for your dependents.

Assuming your age to be 35 and you would like to provide for a private income of £240 a year for life commencing at age 55, this is how the plan works out. You make monthly, quarterly, half-yearly or yearly deposits of an agreed sum to the Sun Life of Canada, the great Annuity Company, and you get in return:

£240 a Year for Life At 55 years of age the Sun Life of Canada will start paying you an income for life of £240 per annum, and you'll receive this income every year as long as you live. Or, if you prefer it, you can have £3,525 plus profits in lieu of the pension.

Income Tax Saved For every deposit you make you receive rebate of Income Tax—a concession which will save you a considerable sum during the period. This is additional profit on the transaction.

£2,000 for Your Family Should you not live to the age of 55, £2,000, plus accumulated profits, will be paid to your family.

Any Age, Any Amount Though 35 and £240 a year for life have been quoted here, the plan may be varied to suit other ages and to provide larger or smaller incomes. Whatever amount you can save (from £1 a month) for your

own and family's future, this plan is the safest and most profitable you can adopt.

The Plan is Flexible Supposing that after making deposits for two years or more you found yourself temporarily unable to continue, there is provision to help you. The Company would, in that event, automatically advance your overdue deposit and keep the plan in force, allowing you a certain time to bring your deposits up to date. The longer the plan has been in force the longer this time would be.

£204,000,000 Assets The Sun Life of Canada has assets of over £204,000,000. It is the largest Company of the British Empire transacting Life Assurance solely. Do not hesitate, therefore, to send for particulars of this plan, which may mean great things for you and yours.
