Try this now. Run your tongue round your mouth—do you notice it... a rough woolly feeling? That's acid fur, staining and spoiling your teeth; acid fur, the hidden enemy which starts decay.

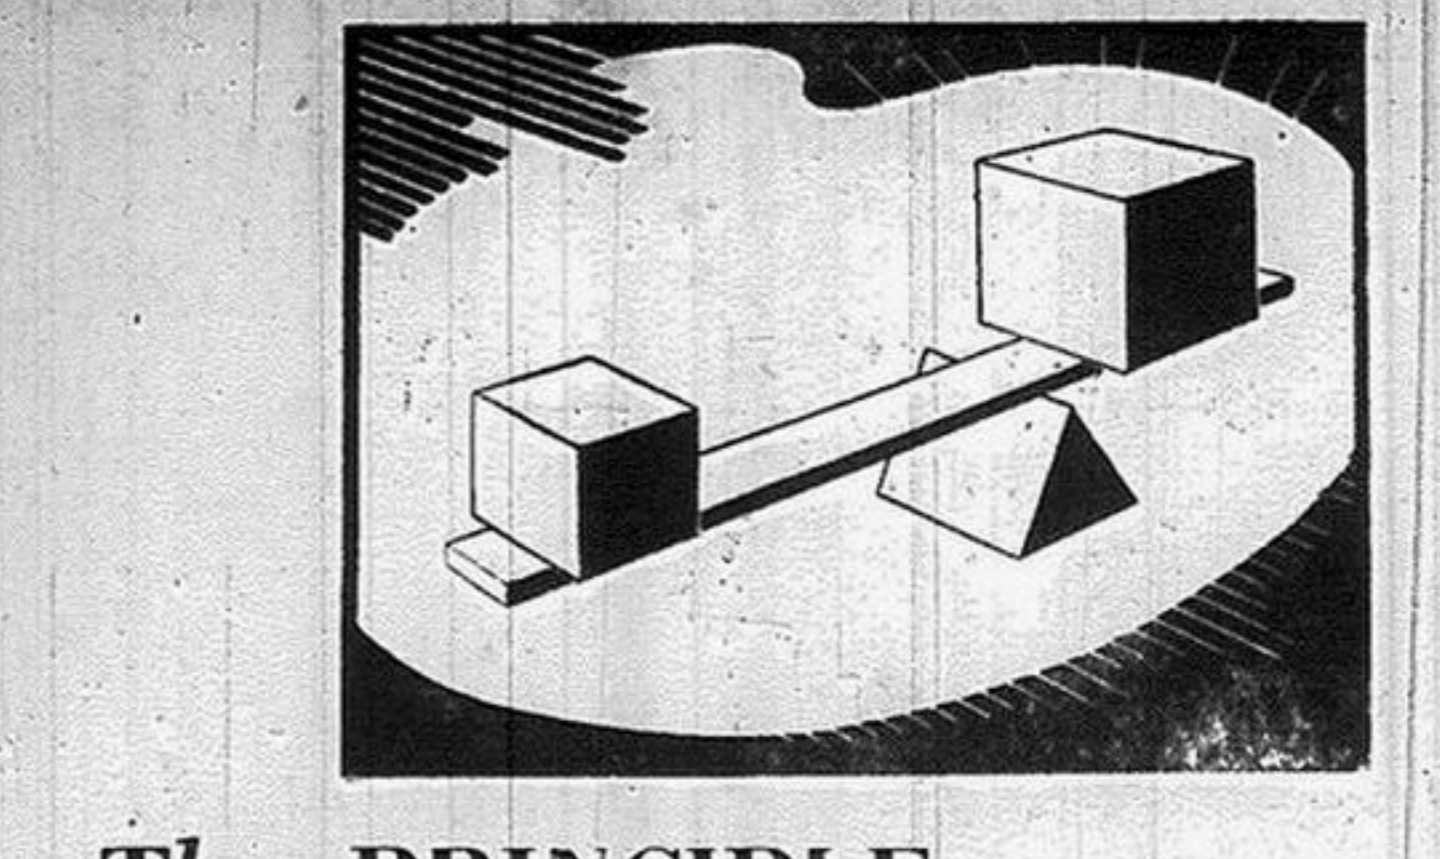

PHILLIPS' DENTAL MAGNESIA. RID TEETH OF ACID FUR. Many things you eat cause acid to form in the mouth and acid fur is the result. To get rid of this acid fur, you must use an antacid toothpaste. 12,000 dentists know that the most effective antacid is 'Milk of Magnesia'. They recommend their patients to use Phillips' Dental Magnesia, the only toothpaste containing 'Milk of Magnesia'.

\* 'Milk of Magnesia' is the trade mark of Phillips' preparation of magnesia.

The PRINCIPLE OF BALANCE

First principles of Mechanics... of Art... and of Life. From this same principle we may learn yet another lesson. The adequate distribution of our means of subsistence, the balance between the present and the future, the weight of the small saving made now, during the long earning period and the full return in later years.

Modern Life Insurance interprets perfectly the principle of the balance. It is the key to mental comfort and material security. It is essential to the well-being of every individual.

The Irish Assurance Company specialises in all classes of Life Assurance and provides absolute security for Policyholders at the minimum cost.

THE IRISH ASSURANCE COMPANY LIMITED. Chief Office: Hammam Buildings, Upper O'Connell Street, Dublin, C.B. DISTRICT OFFICE—49, O'CONNELL STREET, LIMERICK.
