WEEKLY CATTLE AND SHEEP MARKET.

Wednesday, April 21st—Cattle—Exceptionally heavy entry, substantially more than last week; quite a useful show, and a better class; more beef; prime heifers and bullocks in strong demand, with active enquiry and appreciable competition; also well done fresh young cows met a firm demand, and ready exchange. All round rates a turn dearer; market cleared. Good enquiry for forward and promising feeders, this class met brisk trade at full current rates. In young stores business was brisk, quality and condition commended ready buyers, active enquiry, and sharp competition for top lots, previous full terms paid, no difficulty in cashing the right class; for small cattle and plain types demand was not so good. Yearling, a heavy entry; those with shapes and colour and condition freely bid for at steady rates. A large and representative attendance of buyers, shipping interest well represented. Proceedings over the day were most satisfactory, with a substantial turnover and clearance. Fat heifers and bullocks, best, £35 to £39; second run, £30 10s. to £33 15s.; fat cows, £29 10s. to £33; second run, £21 to £25 10s.; old, £12 10s. to £18 15s.; two year old bullocks and heifers, best, £20 to £26; second run, £15 to £19 5s.; yearlings, best, £12 6s. to £15 5s.; second run, 57 10s. to £12. Sheep—A very full entry again forward, about the same number as last week; a fairly useful selection to draw from; more hoggets. Big attendance. Business opened on quiet lines, with a weaker tendency, rates moved on a somewhat lower basis. Well fed pens of wethers and hoggets were bid for, and many done sheep commanded attention, and sold readily; prime fat sheep a good selling trade. Fresh ewes with quality found buyers. Nice store hoggets met a good trade, and changed hands readily. All round prices showed an easier trend; last week's rates for best sheep not maintained. Business finished up fairly well with an exceptionally good clearance. Market for Easter lambs, average entry; choice lambs in strong demand; smaller sorts also met steady trade and were readily placed. Fat middle weight, 135/- to 143/-; second run, 95/- to 120/-; hoggets, 110/- to 123/-; second run, 61/- to 92/-; ewes, 25/- to 135/-; lambs, best, 74/- to 97/-; small, 53/- to 62/- Wm. B. Pitt and Co., Auctioneers.

WEEKLY DAIRY MARKET

Tuesday, April 20th—Numerically the register of entries marked an increase on last week. There was not, however, an increase of choice lots, for this class there was evident and strong enquiry. The attendance of buyers, which has been exceptionally good all along, included a number from a distance, and was one of the biggest of the season; generally spreading their work buyers for every class, and were some lots failed to change hands it was because vendors stood out for extra rates. Business opened with a steady and active tone, buyers being willing to invest in the "right article," and as there was a good number of promising heifers put due to early trade was quick and active on the finest lots and continued steady throughout the day. All round prices on the higher level, and well maintained. There was a steady demand for the high class heifers, and these met spirited bidding; lots without remuneration for milk did not command attention, but anything with the appearance of fair quality had customers according to price. The high stamp of young cows, five or six years old, were in strong demand, and were some lots failed to change hands it was because vendors stood out for extra rates. Trade worked on most satisfactory lines; the turnover will be good. Tuesday an exceptionally good clearance. Mr. S. Campbell, Storelands, Clonlara, topped the market for small heifers at 14/- for small heifers, choice, £30 to £31, promising, £27 to £25 10s.; ordinary, £20 10s. to £25 10s.; dairy cows, best, £29 10s. to £30, second run, £20 10s. to £26.—Wm. B. Pitt and Co., Auctioneers.

CATTLE MARKETS, MULGRAVE STREET, LIMERICK.

Weekly Market, Saturday, April 17. Daily cow and heifer market—Heaviest entry of the season and included some really choice heifers, which drew very sharp competition. The secondary lots, however, were not so fast as last week, but most of these were sold, resulting in the best turnover of the season. Mr. C. McNamara, Singland, topped the market at 20/12, closely followed by Mr. Joseph Ryan, Killy, Broadford, Co. Clare, at 20/0, both these heifers coming in for marked attention with many bidders. In calf and heifer market, best, £22 to £26 15s.; second run, £15 10s. to £20 10s.; others, 11/7 to £20; dairy cows, best, £21 to £26; second run, £15 10s. to £19 5s. Storelands—The heaviest entry of the season, with some excellent lots appearing in the yearling department. Buyers, who were in large numbers, were inclined to operate cautiously, with the result that a good many lots passed through the ring unsold, but with a good clearance of those that a good turnover was effected. Two year old bullocks, best, £17 to £14 5s.; second run, £13 10s. to £15 17s. 6d.; two year old heifers, best, £15 12s. 6d. to £17 10s.; second run, £13 5s. to £11 10s. Yearlings, best, £12 to £15 15s.; second run, £10 10s. to £12 2s. 6d.; small, £8 2s. 6d. to £11 17s. 6d. Two year old pens, £18 5s. Louis de Gratty, Auctioneer.
