

one-and-a-half somersault was perfect. A newcomer to the Blue Star is Tom Lambert, a well-known personality in the diving world, having got coaching from Pete Desjardines and Eddie Heron. He is one of the three Irishmen who have been awarded the silver medal of the Royal Life Saving Society.

By the way, in the gala this year there is an inter-rowing club race for those who are actually members of a boat club in the city. I'm sure that this year we will again have a squad from each club to win the swimming "Union Cup" of the city. Athlunkard, Shannon and Limerick have won this cup before, so now it's up to St. Michael's.

There is also an inter-services squad race, confined to teams from the Army, L.D.F., Maritime Inscription, Red Cross, A.R.P., L.S.F., A.F.S. and St. John Ambulance Brigade. As far as possible it is also intended to hold a female squad race from those above services that can supply same.

Thomond Club is also training hard, but despite all attempts at "fifth column" espionage, no details are available as to what they may bring off at the galas. They have a knack of always doing the unexpected and upsetting form. Who knows, perhaps, the 100 yards championship may be wrested from D. B. O'Malley this year, also the squad race from Blue Star again. The water polo team hope to regain the title lost last year.

### KILLED IN RAID.

Miss Jane Elizabeth Carton (60), whose people came from near Rathkeale, was killed in a recent raid on the West Coast of England.

### DROWNED IN WELL

Patrick Connolly (49), widower, Pollyoran, Castlederg, near the Donegal border, was found drowned in a well 200 yards from his home.

than they were last Thursday, because of the fact that they have a victory to their credit and they will enter for the championship full of the spirit to win. Those of us who cannot be present to cheer on the Limerick crews will have to wait in patience for a telegram telling of victory, or be on the look out at the flag masts of the city clubs to see bunting floating proudly to the breeze in evidence of races having been won by our own crews.

Clifford in charge. On Sunday Cals. oppose Artisans at 7, same venue. The juvenile teams wishing to participate in the competitions allotted to them this season are asked to attend a meeting on next Monday evening at Wembley Rovers Club Room.

Sunday next will be a red-letter day for Adare United. They are holding a six-a-side competition at Kilgobbin and have arranged to cater for a good entry. Teams will be taken on the field.

A very enjoyable function took place on last Saturday evening, when the victorious Wembley Rovers Junior XI were presented with the medals going with the City Junior Shield. Displayed with the Shield were the Regional Cups and Cromer Cup, also won by the XI; ample proof of the ability of the team. Making the presentation of the medals, Mr. F. Cronin, chairman of the Limerick District Football Committee, congratulated Wembley Rovers on their wonderful achievements in junior soccer in Limerick. The club was, he said, an example of proper club management, and both on the field of play and in the councils of his committee Wembley Rovers' representatives acquitted themselves as good sportsmen. Mr. C. Bannon, secretary, Limerick District Football Committee, associated himself with Mr. Cronin's remarks, and said he felt pleased to be present that evening and see worthy winners of three competitions getting what credit was due to them. He congratulated the team on the field, and also the Management Committee of Wembley Rovers, who seemed to do things in a big way.

### SUGAR FROM SAWDUST

In Germany and other parts of Europe sugar was made from sawdust, and the possibilities of the further uses of wood were really remarkable, said Sir Wm. Jowitt in a debate on forestry in the British House of Commons.
