### BULL

nsed bull in

livan and Master Pat Fielding will also contribute to the programme.

A wonderfully attractive night is promised at the Savoy on next Sunday evening. The mystery man, Setanta; Danny Hobbs, and Ernie Bevan are among the visiting artists. It is Setanta's first appearance in Limerick, and he is sure to draw a large crowd, while those who have heard Danny Hobbs already and those who have not, will want to be present. Local artists include Mr. Jim Penny, Miss Nancy Anderson, Miss Josephine O'Mahony, and the pupils of the Halpin School of Dancing.

His Worship, the Mayor (Mr. James McQuane, P.C.), will preside at the drawing of prizes for a bicycle and for golf balls. One hopes that the public will generously support the efforts of the Limerick Committee in such a worthy cause.

### TWO PRIESTS PASS AWAY

The Rev. P. S. Carroll, whose death in St. Vincent's Private Home in Dublin, yesterday, is announced, was the son of Mr. Thomas Carroll and the late Mrs. Carroll, of Effin. He was ordained to the priesthood in Propaganda College, Rome, in March, 1938. He spent two years in Hexham and Newcastle Diocese in England. On his return to Dublin he was Chaplain to Lakelands Convent, Sandymount, and later Assistant Priest in Dolphin's Barn. He was in his 29th year. One of his sisters is in the Poor Clare Convent in Cork City.

The death has taken place of Rev. Father P. Casey at the residence of his sister, Mrs. William O'Shea, Ashroe, Newport. Deceased was son of the late Mr. Thos. Casey, Pollough, Newport, and his death at an early age is sincerely regretted in the district. A large number of clergy were present at the obsequies.

### NURSING EXAM SUCCESS.

Miss Ita O'Regan, eldest daughter of Mr. and Mrs. P. O'Regan, Gortroe, Castletown, has passed with distinction the final General Nursing Examination conducted by the London County Council. She was trained in Lambeth Hospital, and prior to taking up nursing was a pupil of the Sisters of Mercy, Charleville, under whose tuition she was successful in the Intermediate and Leaving Certificate examinations.

### AN "ANTI-BLIGHT" POTATO.

Representatives of 15 Allied Governments saw a new kind of potato at the Cambridge School of Agriculture this week. It is resistant to both forms of blight and is the first of its kind. Cambridge

of 16 Clare view, Farranhone), and Gerard Donovan, son of Mr. A. and the late Mrs. Donovan, Thomas Street, Limerick. The reception was held at the National Hotel, and the happy couple left later for a honeymoon in the South of Ireland.

### LIMERICK GAELIC DRAMA SOCIETY

Almost eight years have passed since the Limerick Gaelic Dramatic Society staged their first Gaelic play in the city. Since that memorable first production the society have, to date, staged more than thirty plays in Irish—translations from French, Spanish, English and Russian besides many original plays in our native language. A notable event was the premier production by the society of the Gaelic version of "Seven Keys to Baldpate." Other past productions are called to mind: "Lapa and Apa" (W. W. Jacobs', "The Monkey's Paw"), "An Bhean Chrodha," "Oidhreach," "Bean an Ghaisgidhigh," indicating the versatility of this energetic group.

At a committee meeting of the society held recently it was decided to open this their ninth successive season with "Athbharra," the Gaelic version of T. C. Murray's "Aftermath."

The play will be produced by Sean MacCaithbhaid, and rehearsals are already in progress.

### "THE RINGER"

The talented company of amateurs calling themselves "The Glow-Worms" will introduce a play new to Limerick audiences, when in November they appear before the footlights at the Lyric Theatre in Edgar Wallace's famous book story and screen play, "The Ringer." The play is in four acts and is by far the most ambitious yet undertaken by "The Glow-Worms," but judging from their previous performances, they are quite capable of doing full justice to this exacting masterpiece. In accordance with the recent appeal issued by the local Muintir na Tire Fuel Fund authorities, it has been decided to devote the proceeds to this very deserving charity, so that patrons, as well as enjoying two and a half hours of a thrilling performance, will be doing their share in helping a very worthy object.

### CONCRETING PATHS AT FOYNES.

County Council workmen are at present engaged in putting down concrete paths in Foynes. The greater part of this work has already been completed. The remaining paths are now being laid down from the front of the Airport Offices down to the Saw Mills, and it is intended to extend the path at the eastern end of the town.
