LIBRARY BRANCHES FOR MILITARY

When the Clare County Library Committee discussed an order made by a previous Committee refusing to establish library branches at military posts on account of the shortage of books, it was stated that the County Manager (Mr. D. O'Keeffe) had confirmed the order.

On the motion of Mr. J. Degnan, U.C., seconded by Mr. M. Griffin, U.C., the County Manager was asked to re-consider his decision.

District Justice D. F. Gleeson (presiding) remarked that if two or three people went around the town of Ennis they would get three hundred or four hundred books without the slightest difficulty.

BOY'S FATAL FALL

A verdict in accordance with the medical evidence, that death was due to a fracture of the base of the skull, was returned at the inquest held by Dr. John P. Cleary, Coroner, Hospital, on James Healy (15), Corbally, Knocklong, who died as a result of injuries sustained when he fell from a cart near Knocklong. It appears that the boy, who was standing on the cart, fell backwards when the animal suddenly stopped. After the fall he proceeded to Knocklong and transacted some business, but died after returning home.

SIEVING OF FLOUR

(To the Editor, "Limerick Leader.")

Dear Sir,—In view of what Mr. Lemass said on Wednesday night about the sieving of flour, it would be well that flour merchants would be on their guard against people getting in larger supplies than usual, as selfish individuals—of whom there are many—would, no doubt, like to have almost unlimited supplies of their much-prized "white flour" without any admixture of barley, thus defeating the object of the new order.—I remain, yours faithfully,

"CITIZEN."

SEQUEL TO CRASH NEAR ADARE.

A High Court jury in Dublin yesterday assessed damages at £396 in favour of Daniel Lenihan, and at £330 in favour of Michael Noonan, both members of the Civic Guards at Tralee, and at £250 in favour of Patrick Foley, Killeen, Oakpark, Tralee, in their action against the Minister for Finance for damages for injuries suffered when a State-owned motor car in which they were driving struck a tree at Mount Earl Cross, Adare, Co. Limerick, on October 31st, 1942. Mr. Justice Martin Maguire held that the Guards were in common employment with the driver of the car, and gave judgment for the Minister in their actions, but in the case of Foley, who was a civilian, he gave judgment for him with costs in every case.
