## PASSING OF AN ESTEEMED FIGURE

With the deepest regret we announce the death of Mr. James Bradshaw, who passed away at his residence, 3 Rutland Street, Limerick, on Saturday last. The deceased, who had been in poor health for a considerable time back, was a deservedly esteemed and highly-popular citizen. A man of much business ability and keen enterprise, he built up an extensive mineral water manufacturing industry to a very flourishing condition. For a period many years ago he was a member of Limerick Corporation as a supporter of the late John Daly, and in that capacity proved himself a useful and upright representative. All his life a genuine and very sincere nationalist, he was ever ready to give practical and generous help to every movement and effort likely to advance the cause of an Irish and a free Ireland. In his public capacity, as in his private dealings, he was a man of the highest honour and integrity and this and his many other admirable qualities secured for him a warm and unshakeable place in the confidence and respect of all who knew him. To his bereaved widow and highly-respected family and relatives we extend our very sincere sympathy on their sorrow. After Solemn Requiem Mass in St. Michael's Church at 10.30 to-day, the funeral took place to Mount St. Lawrence Cemetery. The cortege was of huge dimensions and was thoroughly representative of all classes in the community.

## EGG SCARCITY IN LIMERICK

(To the Editor, "Limerick Leader.")

Dear Mr. Editor,—Permit me to trespass on this valuable space in publishing this letter re the egg question in Limerick.

The householders of Limerick cannot even get half a dozen of eggs in the week. They must queue up at the stores, and after waiting for an hour or more they have to turn away disappointed. I myself have been under the care of a doctor for the past fortnight, and he prescribed "egg flip" for me. My wife could not obtain any eggs in Limerick. Surely it is about time something was done to remedy this.

We have our city and county T.D.s, who have been put in office to look after the welfare of the citizens. Now is the time for them to see to it that the public are

Council's consent.

Mr. McCormack said that the County Council were interested in the development of housing schemes, but there was a principle involved in this where just outside the city boundary there was a piece of land which might be valuable. He thought that the owner should be approached and asked if he was satisfied to sell his land.

Mr. Hickey thought it would be a very high handed action to compulsorily acquire the piece of land.

Mr. Stenson said that there was no question of compulsion.

The Chairman said that if the Corporation approached the owner and made arrangements with him the Council would not stand in the way.

Mr. McCormack said that if the County Council gave compulsory powers the matter would be taken entirely out of their hands.

Mr. Stenson asked would the Corporation also have permission to see the owner of the ten acres, Mr. Blake, at Prospect.

The Chairman said that the Corporation could also see the owner in that case.

The Mayor thanked the Council for the patient hearing they had given the deputation in the matter.

Mr. Clery said that he wished to propose a sincere vote of sympathy to the Co. Manager on the bereavement he had suffered by the death of his mother, and as a mark of respect to adjourn the meeting.

Mr. McCarthy seconded the resolution, which was passed unanimously.

On the proposition of Mr. Quish, a vote of sympathy was also passed to the Chairman on the death of his brother-in-law, the late Mr. J. O'Donnell, Sunville, Ardpatrik.

The meeting then adjourned.
