Thomas Street, who died 1st March, 1944.
Sweet Jesus, have mercy on her soul. Masses
offered.

The midnight stars are gleaming
On a lone and silent grave;
Beneath sleeps one we dearly loved,
But whom we could not save.
The happy hours we once enjoyed—
How sweet her memory still;
But death has left a vacant place
This world can never fill.

RHEUMATISM SPREAD ALL OVER HER BODY

Got Relief by Taking Kruschen

Fifteen years ago this woman had
a bad time with rheumatism. She
put herself right with Kruschen
Salts, and it is many years since
she had any serious pain. She
found the remedy that she needed
and has continued with it ever since.
Here is her letter:—

"I find much benefit by taking
Kruschen regularly in my early
morning cup of tea and occasionally
a teaspoonful in a tumbler of hot
water. I get relief from rheumatic
pains, and it keeps my liver in good
condition. The rheumatism was all
through my whole body. At first it
was in my knees, which used to
swell. Then I got it in my feet,
then hands. However, I am pleased
to say I have not felt anything like
that for years. I do not diet, but
am careful not to eat anything
which is too acid. I am 60 years
old and have used Kruschen now
for about 15 years."—(Mrs.) M. W.

Rheumatism is commonly caused
by deposits of needle-pointed uric
acid crystals, which lodge in the
muscles and joints. Kruschen
breaks up these torturing crystals
and converts them into a harmless
solution, which is promptly removed
through the natural channel—the
kidneys. And because the "little
daily dose" of Kruschen keeps the
inside so regular—so completely
free from fermenting waste matter
—uric acid never gets the chance
to accumulate again.

Kruschen Salts is sold by all
Chemists, price 1/9 per bottle.
