How CREAN'S do their part

OUR duty, as we see it,
 has been to keep up
 supplies of our products and
 to maintain quality as near
 the old standards as possible.
 It hasn't been easy, for many
 raw material sources were
 cut off.

THE alternatives we found,
 usually at greater cost,
 weren't always quite as good.
 But we've kept up supplies,
 and as far as was humanly
 possible, we've maintained
 quality. And we haven't
 just continued the lines that
 paid best—
 we've kept
 on every
 line that
 could be
 continued.
