are an active Body to-day, in a healthy condition. Our membership has increased by 70 per cent. during the past year, and we represent practically all business interests of importance in the city. There are, however, a number of persons in the city who are not in the Chamber, and who would be benefited by us. I would suggest to members that they might inter-communicate individually in inviting any such persons known to them, to put their names forward for election. I hold the view that the larger our membership is, the better are our prospects of attaining tangible results. I consider in their own interests, all persons connected with the business life of the city should be members of this Chamber.

I all hope that the post-war period cannot be too far distant. The strength of the membership of this Chamber is of extreme importance so that our views on post-war reconstruction may command respect, and that we may contribute to the betterment of our city and its commerce.

As you will see, we have undergone extensive repairs and renovations to this building. I have to thank those members who so generously subscribed to a special fund enabling this to be done. When the work is completed, I feel sure you will be proud of our premises. I hope it will have the effect of inducing members making more use of the dining and meeting rooms than we did in the past.

Our past President—Mr. Morgan McMahon—very generously presided over us with the impressive wall of showing names of past Presidents, and our very best thanks are due to him.

I would like to pay tribute to the services of our Secretary, Captain J. J. O'Connell, and his very capable assistant, Miss O'Donnell. I have found them most willing and painstaking in all times in the performance of their duties.

Finally, I have to thank the vice-president and the directors, as well as the members generally, for their whole-hearted co-operation with me, and the great interest which they have displayed in all matters during the past year.

At any time during the past year I may have caused offence to anybody, while acting as your President, I can assure such person, if it does exist, that such was in no way intentional or personal.

The accounts have been audited by our hon. auditor, Mr. T. H. O'Sullivan, M.A., to whom our thanks are due.

I beg to formally move the adoption of the accounts which you have just heard.

teams will meet again in a short time and that there will be more strictness as to the age limit.

The Rev. Father Fogarty, P.P., refereed, and there was a fine attendance.
