# County Man's Death

---

The death of Mr Patrick Guiry, Kilfinny, Co Limerick, which has taken place, has removed an outstanding personality. A member of a much esteemed and highly respected Mid-Limerick family that has been connected with the farming life of the county for generations, deceased was the popular and very efficient secretary of the Kilfinny Co-Operative Creamery Society. The widespread regret which his passing caused was fully verified in the large and representative attendance present at the funeral, following Office and Solemn Requiem Mass.
