Satisfaction was expressed with the elimination of the elusive farthing in the Margarine Prices Order, and it was hoped that the Minister would eliminate them completely.  
It was agreed to make a drive to increase the membership, as the work being done was of great benefit to the trade, more especially as the Association was now registered as a Trade Union, and has put itself in a strong position to achieve the reforms in the trade which members agree are necessary and to secure which the Association was founded.—F. J. Colbert, Organiser.

## DEATH OF RETIRED N.T.

The death of Mr. Michael Millar, ex-N.T. and P.C., O'Brien's Bridge, which took place at an advanced age on Friday of last week, is deeply regretted (writes our Killaloe correspondent). The deceased, who taught for many years at Bridgetown N.S., was a loving personality and a great Irishman. There was no layman in East Clare who enjoyed a higher reputation for his sincerity and integrity. The large cortege that accompanied the remains to Bridgetown Cemetery on Saturday evening last included many personal friends, retired members of the teaching profession, and others. To his sorrowing family and friends the deepest sympathy is extended on their bereavement.

## PLOUGHING

The National Ploughing Championships, fixed for 7th February near Tipperary town, have been postponed for two weeks—to Wednesday, 21st February. With the exception of the change in date, all other arrangements stand. This is the first time in the 15 years that a ploughing championship final has had to be postponed.

will hold the field without any “dictators” of mushroom growth or placed nominees of a useless so-called executive. The nominating powers of the sub-panel must be vested in our own organisation or secede from the self-appointed pretenders.

The Secretary remarked that the nominating bodies could make their direct appeal to Mr. Wilfred Browne, the registrar, next month for admission of their own southern groups.

given after the Easter Examinations. Already in 1943, a “Michael Joseph McEnery Memorial Scholarship” was founded by Mrs. M. J. McEnery for post graduate research in the Department of History in the University College, Cork. The first award was given to Mr. Francis Kennedy Roche, of Mallow, who recently passed his first law examination with first-class honours—a very worthy holder of the scholarship. The annual value of this scholarship is £50.

When his aid was appealed to by interested historians, Mr. McEnery never hesitated to assist in retrieving from the ancient tomes and M.S.S. under his control any reference or data that might help to affirm or elucidate some matter of traditional or geneological importance. Amongst others interested in his labours was the present President of the MSS Commission, Mr. Eoin MacNeill, to whom the country is also indebted for much valuable information concerning our earlier history and traditions. Mr. McEnery had also been in collaboration with the late Kevin O'Higgins in an endeavour to have set up this MSS commission.

## GARRANBOY HURLING CLUB

The annual meeting of the Garranboy Hurling Club was held in the Kincora Hall, Killaloe, on Thursday night of last week.

The Secretary's and Treasurer's reports were read and adopted.

The Secretatry regretted the failure of the teams to participate in last year's championship, due to the lack of a proper Gaelic spirit in the parish. He hoped there would be a big improvement this year, and urged the members to co-operate and make the club a real success.

Three teams are to be affiliated for the county championship.

The following officers were elected:—President, Mr. Sean Hayes, Glen; chairman, Mr. Michael Daly, Killaloe; vice-chairman, Mr. Thos. O'Donoghue, do.; treasurer, Mr. Michael Cleary, do.; hon. secretary, Mr. Sean Ryan, do. Committee—Rev. W. Harty, C.C.; Messrs. P. W. Ryan, Thomas Grimes, Jas. Murphy, Jas. Burns, Patrick Gough (Killaloe), Anthony Murray (Bridgetown), Thomas Hayes and Timothy Ryan (Garranboy).

Representatives to Co. Board—Mr. P. W. Ryan and Mr. Thomas Grimes.
