### WATER SCARCITY.

A strong deputation representing the residents of Ballinacurra and South Circular Road waited on the County Manager (Mr. P. J. Meghen, B.E.) on Saturday, relative to the question of the water service. The deputationists stressed the point that the prevailing service, under ideal conditions, was most unsatisfactory, and for which they were being obliged to pay a heavy charge to the Corporation. The Manager was urged to take up energetically the scheme mooted some months ago which would result in giving the suburbs an independent service. Mr. Meghen expressed himself in agreement with the views put forward and promised that he would give them full consideration.

### TRAIN RAN BACKWARDS

For some unexplained reason a train moving out from King's Cross, London, last night ran backwards and derailed the two rear coaches. Two R.A.F. officers were killed and a number of other passengers injured.
