In the Kilmallock Cow-Testing Association they had 285 cows and the yield for these over a year was 635 gallons per cow. That was a very good yield, which, if it obtained generally, would ensure sufficient butter for all the people. But that yield did not obtain generally because the land, for want of artificial manure, did not produce sufficient grass. It was true that the number of milch cows in the country generally did not show any decline, but the truth

## OLD LADY OF 70 ENDS "DREADFUL STABBING PAINS"

Through Taking the Salts Specially Recommended for Women

Picture a dear old lady of 70 suffering such acute agony in her knee she had to hobble along with a stick, with dreadful stabbing pains of Neuritis or Rheumatism gradually getting worse and worse so that her doctor was on the point of sending her into hospital and then in a few days "sleeping 1,000 times better" and needing her stick no more.

And all because she has at last started using the one salts specially recommended for women.

That is the plain, unvarnished story of Mrs. R. M., of de Montfort Road, Brighton.

With stories like this being published every day, why is it any women remain who do not realise they ought to take Juno-Junipah?

Juno-Junipah Salts are gentle. They prevent unwanted fat and clear the poisons out of the bloodstream without any harsh purging or griping, bringing rapid relief to Rheumatism, Lumbago, Sciatica, and other uric acid troubles. Moreover, they are the only salts to contain pure oil of Juniper, one of the oldest remedies for the Kidney and other troubles to which women are so liable, like Backache, Disturbed Nights, etc.

Take just a little Juno-Junipah in warm water every morning, and you'll be astonished how soon you begin to feel better and look better, too. Your pains will go, your complexion improve, and if you're overweight you'll be delighted at the way you retain the slim figure of youth.

### Better Health and Looks OR NO PAY!

So confident are we that Juno-Junipah will make any woman feel and look better, that here is an offer! Get a 2s. bottle of Juno-Junipah from any chemist to-day. Take it as directed, and if you aren't more than satisfied with what it has done he will refund your money without question. Obtainable from all chemists. In case of difficulty sent post free by Dept. 2, Wm. Gaw Ltd., P.O. Box 8, Dublin.

On Saturday night last at Cooke's Hotel, Fort Henry (writes our Killaloe correspondent), Mr. Sean Gaynor, District Leader, presented 35 medals to the members of the Ballina Platoon, who won the district competition in general efficiency test. A special medal was also presented to Mr. Joe Hayes, Ballina, for the best miniature rifle shot.

tely refused to do so in the end and as a result we were obliged to have recourse to drastic measures. In short, we refused her the hospitality of our tea party. But we are getting along finely on our own, and if you, gentle reader, call on us any evening at tea time, armed

good results, and we can on the Government to make such an appointment."

The Chairman put the resolutions to the meeting and declared them passed unanimously.

In asking the Government to appoint a Parliamentary Secretary to the Minister for Agriculture, the chairman continued, they were not reflecting on the Minister, for they realised that he had conflicting interests to contend with. What the dairy farmer wanted was a Government representative in the Dail who was prepared to accept sole responsibility for dairying.

### LIMERICK V. SHAMROCK ROVERS

The outstanding League fixture between Shamrock Rovers and Limerick, on the outcome of which depends the destination of runners-up medals, will be played at the Markets Field on Sunday next (writes "G.R."). It was previously tentatively arranged for the Sunday prior to the opening of the inter-city competition. The fact that it is now definitely arranged has occasioned surprise in Limerick soccer circles, for it means that the Limerick Junior XI. v. U.C.D. meeting, due at the same venue, is automatically postponed.

The Limerick Club selectors are not in a position to field a full-strength team, as O'Leary, Darcy and T. Aherne are engaged in the Ireland v. Army match at Dalymount Park. Other players who

Complainant said that on the date in question there was a card drive in the Legion Hall, when defendant took up a stone off the road and threw it on the roof of the hall.

Asked by the Justice if he had any statement to make, defendant replied in the negative.

The Justice ordered defendant to enter into a recognisance to be of good behaviour for 12 months in his own bond of £10.

Guard Nolan summoned a youth named Cornelius Spratt for using an unlighted vehicle on two occasions. The witness said that the defendant gave him a wrong name and address on the first occasion.

A fine of 20/-, subsequently reduced to 10/-, was imposed in one case, and the second summons was dismissed under the Probation Act.

### HOGAN CUP FINAL

The final of the Hogan Cup was played last week over 48 boards between Mrs. P. Heffernan's team (Mrs. Murphy, Capt. Campbell and V. St. C. Gloster) and Mr. J. O'K. Lynch's team (Miss P. O'Donnell, Mrs. T. Foley and A. Tracey).

The match resulted in a well-merited win for Mrs. Heffernan's team by a substantial margin, but at all stages the struggle was an interesting one, and the result was in doubt until the last couple of boards.

Both the winners and runners-up are to be congratulated on their fine play throughout the competition.
