DAPPING SEASON

This year's dapping season on ...
 ... Lough Derg at Killaloe is now ...
 ... drawing to a close. Many of the ...
 ... local and Limerick anglers fared ...
 ... very well. The fishing on the whole ...
 ... was considered much better than in ...
 ... previous years, though the weather ...
 ... was not very favourable.

RENOWNED FOR ITS FLAVOUR.

EVERYTHING SHE ATE TURNED TO ACID
Now Food No Longer Upsets Her

As with many another stomach sufferer, it was excess acid that lay at the root of this woman's complaint. Once she had found out how to neutralise this acid her troubles were over. In her letter she tells you of the remedy she used:

"Having been a sufferer from indigestion all my life, I had tried almost every known brand of preparation without result. Everything I ate or drank gave me indigestion. Seeing Rennie's advertised for acute acidity, I decided to try them. After taking Rennie's regularly, I found that food or drink no longer upset me, and digestion became normal. Now an occasional one after meals enables me to keep my old enemy at bay. My gratitude is unbounded."
 —(Mrs.) E. M. H.

Digestible Rennie's contain 15 separate ingredients, comprising antacids to neutralise acidity, absorbents which reduce stomach gas, and digestive ferments which actively aid digestion. Rennie's dissolve in the mouth. They become active at once, because they reach your stomach full strength—not weakened by water.

All chemists sell Rennie's 7d. and 2/- per box.
