DEATH OF CHILD

—oo—

WEST LIMERICK INQUEST ADJOURNED

At the request of the State, Mr. Michael E. Cussen, solicitor, Coroner for West Limerick, adjourned sine die an inquest held at the Downes, Ballingarry, on 6th inst., touching the death of Mary McCarthy, a three months old child boarded out with Mrs. Mary Murphy, of The Downes, Ballingarry.

Dr. Michael O'Donnell, Acting Dispensary Doctor for Castletown district, stated that he examined the child on 28th September last and ordered her to be removed to the County Hospital, Croom. At the request of the Coroner he performed a post-mortem examination on the body of the infant, who, despite his instructions, had not been removed to hospital. Death, in his opinion, was due to inattention and malnutrition.

Mrs. Mary Murphy stated in evidence that when the ambulance arrived for the child she had improved, and she accordingly decided not to send her to hospital. The child got ill again on the 3rd October and died on the 5th October. She stated that her reason for not sending for the doctor when the child got ill again was that he was too far away and had no way of going for him.

The inquest, as stated, was adjourned sine die at the request of the State.

she is loved by him, and so to him does come a wave of thought, which, not like the wave that breaks upon the shore and is seen no more, but grows and grows until a mighty pool is made; therein man dwells and drinks the waters of mysterious life.

programme. The we
as many teams as the
Boards put together,
that the West is so w
in the matter of G
should not be lost sigh

The Rev. Chairman agreed that this was would, their position Board insisted on ad dates fixed for the finals.

Mr. Kennedy—Then be at any loss beca our own champions takes a good team t any one of them. We to adopt an independe orial attitude but we a best and I think we on and finish our ow ships as best we can.
