## HOSPITAL FAMILY BEREAVED

The death occurred at her residence, Kilrush, of Mrs. Hanora Coughlan, formerly of Main Street, Hospital. Deceased, who filled the post of maternity nurse for Kilrush district for a long number of years, had reached but a comparatively young age, and her numerous friends throughout the district learn with regret of her unexpected demise. She was a native of Hospital and a member of a well-known and widely-popular County Limerick family. She was cousin of Misses Nellie and Nora Woods and Mr. John Woods, Main Street, Hospital.

Her remains were interred in Kilrush. The chief mourners were—Cornelius Coughlan (husband); Mary (daughter); Michael and Cornelius (sons).

recognition in that part of the city, carried on the good work, winning in a few short years a remarkable number of victories. "But a house divided must fall," and while this may not be literally applicable just here, for Sarsfields showed little indication of going out of action, yet latest news from the Thomondgate district announces a fusion of forces and a joining up of the newly revived Treaty Club with Sarsfields to form a new combination, "Treaty-Sarsfields."

Even at this early date there are every signs that the new combination will be a formidable one, and of all the efforts, gallant but vain, which down through the years have striven to emulate the deeds of the first Treaty fifteens, this latest one gives the richest promise of achieving that object.

A joint convention of Treaty-Sarsfields will be held at the School on Sunday next, at 1 p.m.

A special meeting of the County Board will be held on Saturday next to receive nominations and motions for the convention.

"THERE'S SOMETHING  
IN RENNIES"

Says this Sufferer from  
Indigestion and Palpitation

There is evidently something in Rennie's that no other tablets have, says this woman, and how right she is. Read her letter:—

"My age is 50, and I have always been pretty fit, except for palpitation caused through indigestion. I have suffered from it for over twenty years. I was afraid to eat, and had only dry biscuits and very small dinners. I got very thin and nervy and was very worried about my health. A neighbour asked me to try Rennie's, and to my surprise they suited me. Now I am very thankful to say I am much stronger and able to carry on. There is evidently something in Rennie's that no other tablets have, because I tried everything. Now I can eat almost anything, but I make sure I always have a good supply of Rennie's."—Mrs. A. M. W.

As the analysis printed on each packet shows, Rennie's are a combination of 15 separate ingredients, specially blended to bring speedy and complete relief from indigestion, excess acidity, and other stomach troubles.

All chemists sell Rennie's: 7d. and 2/- box.
