—oo—

MRS. GLEESON, RAILWAY BAR,
NENAGH.

It was with feelings of profound sorrow and regret that the sad news of the death of Mrs. Catherine Gleeson, dearly beloved wife of Martin Gleeson, Railway Bar, 42, Kenyon St., Nenagh, was received on Sunday morning last, July 28th. The deceased had been seriously ill for just two weeks, and though an improvement in her condition was apparent during the early part of last week, an unexpected relapse towards the week-end made the most fervent hopes of recovery fade.

The deceased lady, who was only 31 years, was a member of a highly respected and widely known County Limerick family, being third daughter of Mr. and Mrs. John Hourigan, The Hill, Murroe. She was niece of the late Very Rev. P. R. Hourigan, M.R., Glasgow, and of Mother Mary Agnes, F.C.J., Paisley, Scotland, and grand-niece of Very Rev. Michael Canon Hourigan, P.P., Uppercurch, Co. Tipperary, and of Very Rev. Daniel Hourigan, P.P., Kilballymey, Mitchelstown.

Since coming to Nenagh seven years ago, the late Mrs. Gleeson endeared herself to all by her charming manner and extreme good nature. Every heart in the district was moved by the sad circumstances of her passing, and genuine sympathy is felt for her heartbroken husband and three little children in their irreparable loss.

Her remains were removed from St. Joseph's Hospital, Nenagh, to St. Mary's of the Rosary, on Sunday evening. Requiem Mass was celebrated on Monday morning for the happy repose of her soul. Venerable Archdeacon Slattery, P.P., V.F., Nenagh, presided; celebrant, Rev. J. Cuddy, B.D., St. Flannan's College, Ennis; deacon, Rev. E. Murphy, C.C., Nenagh; sub-deacon, Rev. M. O'Donoghue; master of ceremonies, Rev. J. Hayes, C.C., Nenagh. In the choir Very Rev. D. O'Donoughue, P.P., Ferryglass; Very Rev. H. Spain, P.P., Duluth, U.S.A.; Rev. J. Gilmartin, C.C., Murroe; Rev. Fr. Placid, O.S.B., Glenstal Priory; Rev. T. Gleeson, C.C., Kilkishen; Rev. D. Woods, C.C., Silvermines; Rev. J. Minihan, C.C., Ballywilliam.

The funeral, which took place later to Tyone, was one of the largest and most representative seen in Nenagh for many years—a fitting tribute to the popularity of deceased and her family. The above named clergy officiated at the grave side.

The immediate chief mourners were:—Martin Gleeson (husband), Michael, Philomena, Kathleen (children); John and Mrs. Hourigan (parents); Paddy Hourigan (brother), Mrs. Morrissey, Mrs. O'Malley, Mrs. Gilmartin and Miss E. MR. R. CLEARY, BALLINARD.

The death occurred, unexpectedly, on the 21st inst. of Mr. Richard Cleary, Ballinard, Herbertstown. Deceased, a member of an old and highly esteemed East Limerick family, was immensely popular, and his death, at an advanced age, is deeply regretted over a wide area. The remains were removed to the Sacred Heart Church, Herbertstown, on Sunday evening, and the funeral took place after Requiem Mass to the family burial-ground, Knockainey, on Monday.

MATTER AGAIN BEFORE COUNTY COUNCIL

Engineer's Important Report

Limerick County Council on Saturday, Mr. Sean Hayes, vice-chairman, presiding, again discussed at length the application by Limerick Corporation for permission to build 450 houses on a site outside the city boundary, at Ballynany Beg.

Submitting a report from the Co. Engineer, Mr. P. J. Sheahan,

Mr. T. F. Broe, Deputy County Manager, said that as a result of a discussion at the Council's meeting a fortnight previously, when it was stated that permission had been given on a former occasion to the Corporation to build outside the borough boundary, he had gone through the minutes and found that at a meeting held on September 25th, 1943, an application was received from the Deputy City Manager for permission to build 11 houses, either wholly or partly outside the boundary, on a site at Pennywell. These houses represented portion of a 90 house scheme the remaining 79 of which would be inside the boundary.

The application was adjourned at the time, but was discussed and refused at a further meeting on October 23rd, 1943. A deputation consisting of the Mayor and City Engineer came before the Council on December 18th, 1943, in support of the application, after which the Council decided that, if the owner of the land concerned (Mr. Cusack) consented, the Council would not oppose the application further. Finally, at a meeting held on September 23rd, 1944, a report from the County Manager, dealing with the question of a general extension of the city boundary, was considered and the Council unanimously approved the Corporation's application for permission to build eleven houses at Pennywell in the county area.

REPORT FROM CO. ENGINEER

The Deputy Manager now submitted the following report from the County Engineer:

"Dear Sir—I desire to report that, as instructed, I have taken up the matter of utilisation of sites inside the Limerick Co. Borough Boundary for the building of slum clearance dwellings by the Corporation and have prepared a map showing the present position inside the city boundary, which map is forwarded herewith for your consideration and for the consideration of the Council. Taking first the area inside the Borough Boundary, the lands indicated are as follows:

"(1) Yellow. Hatched Black. These are sites which have already been acquired and developed by the Corporation for housing and necessary ancillary development and for parks. They do not include the Island Field, Distillery or Killaloe schemes, which were completed prior to the revision of the ordnance sheet on which my map is prepared, and which are consequently shown thereon as built-up areas.

"(2) Green. The lands coloured green are unsuitable for housing development, either as a result of being liable to flooding, or having subsoil unsuitable for building. They include the slob lands, and low-lying meadows and grazing lands on the Shannon and Abbey River banks, also the former Corporation dumping ground at Park and existing Corkanree dump, and the land bordering the railway line between Jamesboro' and Prospect scheme.

CLEARANCE AREAS

"(3) Red.—The lands shown coloured red are clearance areas, in which the clearance has either already been effected or is proposed, as soon as the present inhabitants can be re-housed. These and other smaller sites at Castle Street, Nicholas Street, Mary Street, Mungrat Street, Old Francis Street, Charlotte Quay, Rossa Avenue, Quarry Road, Lock Quay, Clare Street, Clancy Strand and Francis Abbey, will eventually provide sites for approximately 614 slum clearance dwellings, with appropriate developments.

"(4) Brown. These lands, located in the area known as Park, to which I will refer later in more detail, are intensively cultivated as market gardens, by small holders, many of whom reside in the area.

"(5) Grey.—This is farm land, also situated in Park.

"(6) Purple.—These lands, again located in Park, are developed, or to be developed as highly residential areas.

"Outside the Borough Boundary, I have indicated further lands as follows:

"(7) Blue.—This parcel of land in Killaloe is being acquired with the Council's permission, by the Corporation for proper development of the Pennywell slum clearance area.

"(8) Yellow. This is land situated at Ballynany Beg, and immediately adjacent to the existing Killaloe Scheme, which the Corporation has asked permission to acquire, for the building of 450 to 500 slum clearance dwellings.
