NEW FILM FEATURE

Commencing in our issue of Mon-
day next, a new weekly feature
will appear in our columns under
the heading of 'Film News' (by
'E.C.'). These articles will con-
tain some very interesting news
items received by the writer direct
from the Hollywood and British
Studios, and most of them will be
exclusive to the 'Limerick Leader.'

Our film correspondent, in his
first instalment, will deal briefly
with a newsreel scoop; Arthur
Rank's policy with his contract
stars; a new plastic for a techni-
colour film; the hobbies of two
famous Dublin stars in Hollywood,
and reveal the play-date of the film
all Limerick is waiting to see.

CANON BEREAVED

The death took place early on
Tuesday morning at his residence,
Ardnageehy, Charleville, of Mr.
Edmond Rea, a popular and
highly esteemed member of the
farming community (writes our
Charleville correspondent). The
deceased, who was apparently in
his usual good health on the pre-
vious day, passed away quietly
during the night and the news of
his death came as a shock not
alone to his neighbours but to the
public at large. He was brother of
the Very Rev. John Canon Rea,
P.P., Shanagolden, to whom and the
other members of the family sincere
sympathy will be extended in their
bereavement.

CROOM GAELIC LEAGUE

A meeting of Croom Branch of
the Gaelic League was held on
Tuesday night, Rev. D. Crowley,
C.C., presiding. The date for the
County Feis, to be held next year
in Croom, was provisionally fixed
for the first week in July.
