THE LATE MR. TIMOTHY BEARY

The grim reaper has taken from us yet another member of an old and honoured stock and his demise is regretted by very many friends and comrades of days gone by (writes our Kilmallock correspondent). Mr. Timothy Beary, of Gurrankeogh, was a man among men who could always be depended on to take a keen interest in those who suffered and to whom practical sympathy could be given not merely in words but in deeds. Widely travelled, he was endowed with a really clear conception of the character of other men and could readily detect a fault which he would point out, not in the way of exposure but in a courteous and direct manner of conversation. In his early manhood he figured prominently as a wielder of the caman and until quite recently his interest in the Gaelic code remained as active as when he struck the ball towards the opposing posts. He is gone but will not be forgotten. R.I.P.

THE CHRISTMAS TURKEY

Prices at Kilmallock fowl market have remained practically unchanged this week and trade was as lively as on the previous Wednesday (writes our Kilmallock correspondent). Turkeys were in good demand, and it might be observed here that the rearing of those birds for the Christmas market is not all profit, owing to the fact that a considerable number have died off,
