The supporting concert items were also of a high standard and much appreciated.

DEATH OF MR. D. RIORDAN, FOXHALL

The death took place recently, at an advanced age, of Mr. David Riordan, Foxhall, Charleville, retired insurance official. The deceased was connected with the Prudential Assurance Co. as local agent for over 40 years and was a well-known figure in the district, having a big clientele on his books. As district agent for the Company since practically 1885, he gave loyal and efficient service and during his lifetime paid out large sums of money in matured policies. He retired in 1927 after completing 48 years in the employment of the Prudential Co. A quiet and inoffensive man, he was held in high esteem by his employers, who were very appreciative of his services over a long period of years.

ENNIS FIRE BRIGADE'S OFFER

The members of the Ennis Fire Brigade have offered to co-operate with rescue squads at the Shannon Airport if notified when their services are required (writes our Ennis correspondent). On the occasion of the recent disaster they were not notified, although they could have given very valuable help in view of the fact that each man carries a torch, ropes, etc., and is properly equipped for wading through water or operating in heavy rain. Arrangements are being made to communicate their offer to the Shannon Airport authorities.
