In this story our hero (Toni) does something that we all have done. By uttering easy words of pity he creates hopes which he cannot later deny without hurting people's feelings. Soon he is caught in a series of circumstances which demand yet more and more promises, until at last he cannot extricate himself without causing havoc.

The victim in this case is a young girl who was always thoroughly normal, healthy and active. Through an accident she has been stricken by a partial paralysis. In spite of the care of the greatest doctors in he world she seems condemned to inactivity-to see life from a wheel chair. RUGBY NOTES

(By N. M.)

The scene is set for another feast of Munster Cup football. Mother Nature seems to be well disposed for the week-end first-round game between the old rivals, College and Garrycwen. I think I am safe in saying that no other teams in the long years of Cup Rugby have Foley, a native of Kenmare, Co. given such dazzling displays; been finalists in the undecided

If he finds a gap in the Garryowen defence, I can visualise and there was an overcoat partly him showing a clean pair of heels, but he must find the gap.

The forwards are a solid bunch without being really hot. Experienced J. Twomey and J. Corcoran (Irish Trial forwards) will form the nucleus. Sherling, Carroll and Reidy will likely find places and fight every inch in the loose. It is in this latter department that I anticipate they will prove superior.

Curtin appear to possess all the attributes of an excellent threequarter line.

Speed, determination, brains and experience are theirs, but will they combine? Much will depend on the centres making the openings and letting the ball out when they pass or draw their opposite numbers. O'Dea is a reliable scrum half, who has come on in leaps and linan, stated that the

UNEXPECTED DEATHS IN WEST LIMERICK

Mr. Roger Greene, Rathcahill, Newcastle West, was taken suddely ill on Wednesday morning and died within a few minutes (writes our Newcastle West correspondent). Deceased, who had been apparently in the best of health up to the time of his unexpected demise, was a very popular and esteemed figure, and the tragic news of his passing evoked widespread regret. He was a brother of Mr. Dan Greene, Rathcahill, and of Mr. Bryan Greene, the well known Limerick city merchant. Remember the emergency, when our travellers were dependant on vans fitted with gas producers? Covering routes was a troublesome business then, so that visits to our friends in the trade were rather infrequent at times. Now, with the petrol ration restored, our travellers find it much easier to get around-which means that they'll see you more often. Supplies, alas, are still far from what we'd like them to be, but, rest assured, we'll do our best for you.
