This decision has been taken in view of the seriousness of the tillage situation in South Limerick, and to enable players and others to assist in the tillage drive.

The decision will be welcomed by farmers and others, since very little tillage has been done in South Limerick up to the present.

Matches fixed to take place at Bruff on next Sunday and at other venues in the South on the 20th and 27th April are, accordingly, postponed and will be re-fixed at a later meeting of the Board.
