

honours will be a rosy one. All-Ireland titles are not easily won. Yet, I am convinced that we have, in the present, Limerick side, that is with a change or two, a team capable of going the whole way, and that all going well we will be in Croke Park, the first Sunday in September, cheering on the "lads" to final victory. So we leave Limerick, National Hurling League title holders for 1947, congratulating Jackie Power and his team mates on their brilliant victory, which has brought Limerick once again to the very top in the hurling world.

Draws And Fixtures.
There will be a meeting of the County Board on Saturday next to make draws and fixtures in the senior championships, also to finally pass any transfers. Unless there are any last minute entries it looks that there will be no change in the number of hurling teams competing, but that there will be a reduction in the number of football sides, as Galtee Rovers and Knockane have both regraded to junior status.

Mr. D. Kennedy (Kilmallock) asked—Supposing a player is born in Kilmallock and buys a farm down in Croom and resides with his family in Croom, can that player go back and play for Kilmallock?
Very Rev. Chairman—Yes, he can, because it is his native parish.
Mr. Jones (Croom)—Paddy Scanlan was residing in Galway when he declared for Ahane.

EX-RUGBY PLAYER RE-INSTATED.
Frank O'Meara, who was suspended five years ago for playing rugby, and who stated in his application for reinstatement that he had not played rugby in the past three years, was reinstated according to rule.

An application from the Croom Club to travel to Tipperary on St. Patrick's Day, to play Holy Cross in hurling, was granted.

A similar application from Treaty-Sarfield to play Ennis Faughs in senior football and Clarecastle in senior hurling, on the same day at Ennis, was also granted.

A letter was read from Waterford inviting the Board to send a senior county selection to play Cork in an unfinished tournament.

It was agreed to defer the invitation until the county championship draws were made.
