The Council unanimously approved of the suggested overdrafts in both accounts. Mr. P. Langan moved, pursuant to notice, that a pump be provided for Granagh School, Bruree, so as to provide water for the school children and residents. The matter was referred to the County Engineer for a report. Mr. Dore proposed the adoption of the annual report of the County Medical Officer of Health for 1947, on which, he said, he desired to warmly compliment Dr. McPolin. The Council, he said, were very fortunate indeed in having a County Medical Officer of Health of the ability and standing of Dr. McPolin. The Chairman and other members associated themselves with Mr. Dore's resolution which was carried unanimously.

QUESTION OF COSTS

On the question of costs Mr. G. Kenny, B.L. (Mr. I. M. Houlihan for the defendant), pointed out that plaintiff had not succeeded in proving wrongful imprisonment "by locking the door," as stated in the Civil Bill.

The Judge said he was not satisfied the door had been locked but believed that Mr. Baker had had his back to the door in his effort to effect a settlement.

Mr. Sean Kenny said he had succeeded in his claim for false imprisonment.

"Yes," agreed the Judge, "but not by locking the door. No costs."
