RE GRASSES

ig Breeding

(HE)

ne of perennial rye-grass, half
ne of Italian, four lb. of Cocks-
two of Timothy, three of red-
r and one of wild white. These
lients are sometimes varied a
in quantity or the red clover
placed by Alsike for bog land.
mixture is supposed to give a
ow the first year and then pas-
until the field is broken in the
on or to give what is called
nent pasture. It costs this
about £4 10s. to the acre. It
ually sowed in spring with a
crop—oats preferably in
rick. People say "Italian
s in clumps and perennial fills
paces." Timothy is regarded
heavy cropper of palatable
and Cocksfoot is a heavy
r and makes very food hay,
rows too coarse if badly man-
or sown too thinly. The
rs, in addition to putting nitro-
n the soil, are regarded as
valuable feed and providing
r in times of scarcity.

DO THEY GROW?

eriments with a low rate of
g—12 to 14 lbs. to the acre—
shown excellent crops of hay
good subsequent pasture. I
always doubted if half the
in the big mixtures grew, or
er the field when the corn is
is not sown with natural
es to a great extent. Certainly
ard that is very thin in the
st thickens remarkably dur-
he following spring, and not
seeds that have remained in
oil since spring. I have some
d fields that are heavy with
r though no clover has been
d there for many years.
sfoot seems to thrive better
e roadside than elsewhere and
of these "long meadows" have
n of grass better than on any
re. The fact of the matter is
no one really knows much
pasture, hence all the con-
tary opinions. Just now there
be no clover in a field except
e a path has been trodden
gh it, and that path is pro-
hally hidden in early clover!

FOUND DROWNED

Body In Millrace

WEST LIMERICK INQUEST

Mr. Ernest Shine, aged 33, of Woodstock, Balingarry, Rathkeale, was found drowned at 9.15 on Monday morning in the millrace attached to the Mill (writes our Balingarry correspondent).

The tragic discovery was made by a neighbour, Mr. James Tierney, Fortwilliam. It appears that deceased arose at about 7.15 a.m. on Monday and went about his usual business. At 8.30 his wife went to call him and received no reply.

Coroner Michael Cussen, solicitor, with a jury, held an inquest on deceased on Monday evening.

Dr. William Lane, Balingarry, who conducted a post-mortem examination, stated that deceased died from asphyxia and cardiac failure as the result of immersion in water.

The Coroner brought in a verdict in accordance with the medical evidence and expressed deep sympathy with the widow and family.

Supt. J. J. Cooney, G.S., Adare, who represented the authorities; Dr. William Lane and the foreman of the jury, Mr. Thomas McDonnell, associated themselves with the vote of sympathy.

It will be recalled that deceased's father-in-law, the late Mr. Arthur E. Switzer, met his death under tragic circumstances when caught in the machinery of the Mill about 14 months ago.

The Mill was completely destroyed by fire on the night of January 4th last.

The sad affair of Mr. Shine's death has cast a gloom over the entire parish and districts, where Mr. Shine and the Switzer family were most popular.

BALLINGARRY GUILD I.C.A.

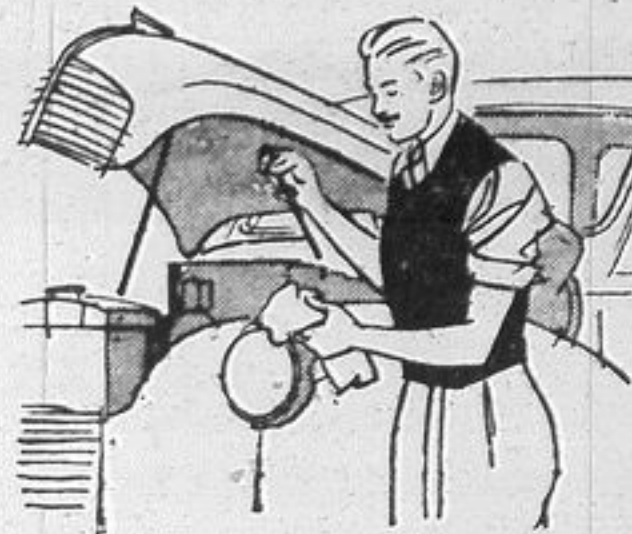

At the annual general meeting of the above Guild, the following officers and Committee were elected for 1949:—President, Mrs. Helen Allot; vice-do., Mrs. Mary E. Connolly; Treasurer, Mrs. Babe Tobin; Secretary, Mrs. Thomas F. Hartnett. Committee—Mrs. Nan Power, Mrs. Nell Fennell, Mrs. Annie O'Grady, Mrs. Helen Kelly.
