General Particulars rish Permanent Building Society was established sixtyago on the 1st May, 1884. Its chief objects are to salety-first form of investment for shareholders and thus creating a fund from which House Purchase

made. The Building Society, having recently completed struction and equipment of its commanding new Head Dame Street. Dublin, is in a position to accept new share s. The new class of shares to be issued will rank to capital with the present share capital. The assets filding Society exceed in value the amount offered for m nearly six times. The abnormal demand for House finance experienced in 1948 continues in 1949 and the Society can place large funds in this way. Existing trictions tend to facilitate the investment of funds in of unrivailed security. The Board proposes to add to ig of Trustee Securities, thus augmenting the Liquid and to make available for House Purchase the balance ceeds of this issue. As is the Building Society's practice Exchange quotation has been or will be sought. Shares urchased only from the Society or its local Represenid the Board reserves the right to limit the amount of
