DIED IN DUBLIN WELL KNOWN YOUNG LIMERICK MAN

Deep and widespread sorrow will be felt in his native city by the announcement of the death of Mr. T. A. Walsh, B.A., Executive Officer in the Board of Works, Dublin, who died in the Mater Hospital this morning. Deceased, who was only in his early thirties, was son of the late Mr. T. Walsh and of Mrs. B. Walsh, 4 Hibernian Villas, Thomondgate, Limerick, and was married to Miss P. Casey, daughter of Mr. Casey, Creamery Manager, Adare. In his school days he was well-known in Rugby and swimming circles, being Captain of the Christians Limerick XV which won the Munster Senior Schools Cup in the 1932-'33 season. He was a cousin of Mr. P. O'Kane, the Young Munster and Munster Inter-provincial forward, and a brother-in-law of Mr. Frank Graham, the Irish Trials Rugby forward and Irish hockey international. A young man of a most sincere and pleasing disposition, who was known to a very wide circle of friends as a splendid sportsman, his demise will be mourned by all and deepest sympathy will be felt with his wife, son and relatives. TWINS AND DEAF MUTES THEIR FIRST COMMUNION AT LOURDES

Among the invalids on the Irish Pilgrimage to Lourdes, which left Paris to-day, are 7-year-old Dublin twins, both, unfortunately, deaf mutes.

Their parents being unable to go, the twins are being looked after by nurses, and both will make their First Communion at Lourdes.

at the September meeting, or possibly before it, at a General Purposes Committee meeting. The members of the Council had, at previous meetings, been anxious to know if city butchers could be compelled to use the abattoir. This information was required before the building was started, because it was feared that if there were no compulsion, many of the butchers might not use the abattoir at all, thus defeating the purposes for which it was built.

Mr. M. B. O'Malley—But that was only a side issue, which I hope will not be allowed to delay the erection of the abattoir.

NO SIDE ISSUE.

Manager—But this is no side issue at all. If people don't use the abattoir you have a serious commitment on your hands in building it.

The Manager said the report asked for by Mr. Russell would be before the next meeting of the Council, when the entire matter could be again discussed.

HORSES FOR SLAUGHTER

Sixty horses for slaughter and human consumption in another country were bought at Ennis last week (writes our correspondent there). Prices, however, showed a sharp reduction on those prevailing at previous fairs. The top price last week for fat young horses was £20 as against a previous £30. Gaunt horses also destined for slaughter went as low as £12.
